Get

He could come out here & look
 around for a place before he went
 to Edgewood altho I believe
 that Edgewood is a better country
 than where you all are at the
 present time; will you think
 you all will get off to the west
 about the last of this month do
 you well I hope you will I know
 you will have to go to the old
 Sussie you have got to go to
 the west have you, Bess I know
 all the time you would have
 to go for you would not stay
 by your self & yes you said
 you would not let that fellow

 hated as Pinkie was for you
