

Southern Pine Lumber Company.
MANUFACTURERS OF
YELLOW PINE LUMBER.
TEXARKANA, ARKANSAS.

Your letter of the 30th ulto is to hand
I deeply regret to hear that you cannot
use the horses. Do you think they have
been properly handled? and have they
been worked every day, which is so
important? If not, may I suggest that
a trainer take them in hand for 30 or
60 days - to see if any improvement can
be made? I am so anxious for them to
be of service, but wish also to save
you any annoyance - hence, if my sug-
gestion doesn't seem practicable, please
let me know. In the mean time hope
to hear from Mr Osburn. Of course
I want you to do with the horses what
is your wish - in the event they cannot
be used - I am so sorry for it all -
With love and gratitude, I am
Very Sincerely
