

Center, Texas,
Sun. Night

Dear Mother and all
I hope you all are feeling
fine, as for my-self I am
O.K. at the present.

What have you all been
doing to day. This has been
the longest day I have
spent in a long time. I
set up till after 8 o'clock
looking for Lenard, ^{Last night} but he
did not come. I had a
letter from him Friday
he said that he might
not get to come, but if
he did get to. He was
going to have you all
to meet him at Center. He
would bring at Huber.
I hope he is not sick
He said he had took all
of his pink pills and they
did not make him sick.
I wrote Lillie a letter
last week. I told her I would

he up there this week, as
I was planing on Lenard
coming ^{home}. I started to tell "who
I talk to this morning". To
tell you all to come after
me, but I could not hardly
hear her. I ask her what
she was and she would not
tell me ~~Ha Ha~~. I may want
Ellis to come for me Friday
mornning if the roads are
good. I will write you
a card Wednesday.

I guess you all knew
Zella has a big boy. I
talk to Aron this after
noon and he said Emmy
was at Zella's. They are
all well. I want us to
go to see her Sat. if
nothing happens.

Have you got ^{your} sweater
done. I should have been up
there and help you. Let
me hear from you all.

(over) I hope to see you all soon. Love
Lillie

Oh yes I forgot to
 tell you. The Lee gave
 us a set of plates
 aunt main. A pie pan
 and a set of muffer pan.

I have just talk to Lenard
 He is doing just fine. He
 had to work today. He said he
 sure did want to come home
 but could not. Gee! I was
 proud to get to talk to him
 as I was afraid he was
 sick. He had to catch a
 way to Center as the truck
 had already left when he
 got to the Camp. He ask ~~of~~
 about you all.
