Dear mama + all:-

Guess you thought I wasn't going
to write, but we've been so busy.
we finally got rid of the station by
almost giving it away. then
we found us a house, + Everett
had to go to west Tex. well they
sold the house, + there I was
every thing packed + no place to
go + Everett gone with the
car. so Howard takened me to
look for another one, finally
found this one its not much
just 3 rooms + a bath, but its
pretty cheap \$12⁵⁰ per. month +
we pay the bills. one good
thing we dont have to live
with some one else, + listen
to ~~their~~ their fusses + fights ha.

I haven't got ever thing ~~up~~ unpacked + straighten up yet. a person dont realize how much junk they've got untill they start to move.

How are you all, + what are you doing? it's so pretty + warm, guess you have just about finished gardening. How is El getting along with the his flowering, tell him mr Liepcombs died last week.

Is Len, still at the mill? Guess Em. + Den. will be glad when school is out about they?

Did Em. get her shoes ok, + did they fit? mama tell her I would like to send her a dress but Everett isn't working yet, + dont know when he will be he went yesterday + left his

application at several places & has gone again this eve. I told him not to lose patience that it may take a month, you know I any thing would beat what ~~the~~ he was doing, & that's another thing mama we haven't told any one where we moved. you see when you break away from those Crooks, you can't tell what they might do so we changed our initials to H. F. in the place of E. M. that way they couldn't trace us through the mails or city directory. so address your letters to H. F. E

we drove by Bills & Maude's Sunday night. They've got rid of their renters & re-papered all the house. Painted all the wood work

+ fixed up a lot. they made their bed room, where Granny's bed room was. Lemmetas in Granny's kitchen + maudie sisters on the back. made their old bed room into a dining room. sure looks nice. Aunt Tessa + al was over the day before I moved. al said he heard Erin's oldest boy (Lonnie) was in Turill asylum. sure is bad. He had I.B. too.

well mama I'm turrid done a 2 weeks washing to day. + I've got to go hunt a mail box to mail this so will go take care of your selves and write soon. Love to all.
