Dearest Grandma + all,  
How are you all? fine I hope as

day. It sure is cold down here  
I guess it is up there too, and  
will kill your garden, and  
Ellis Corn. He was planting  
when I was up there. If it is  
as cold up there as it is down  
here, I have to go to work ear-  
ly morning at 6:00 Clock have to  
get up at 5:30. I just live one  
block from my work that's  
one good thing.

I mention how you and  
Dorand doing in school? fine  
I hope. I guess you all like  
to go to Simpson. Milton too  
I sure am proud too.

Leonard how you these days?  
still saw milling I guess. You  
should come down here sometime

We were out fishing & catching  
have lots of fun. I got off the  
day at 2:00 clock. So me and the  
boy I go with me and him &  
his sister went to Galveston  
the other afternoon catching  
sure had lots of fun. His  
name is Leonard also. I  
told him I had an Uncle  
name Leonard. He said he  
might be my Uncle someday  
too. HA

To-morrow is my birthday  
he gave me a cute ring last night  
Ellie has your watermelons  
going to be. I don't guess I'll  
come home till July I'll be  
up there for some.

Grandma they got you thriving  
corn yet? Mama said she  
had been replanting corn she  
got lots of business.

How is Dorothy & Lobby getting  
alone? I have been wanting to  
write to Dorothy, but haven't, but I  
can though  
By the way where is

Will it be long living? I had  
a chance to go to Dallas to-  
morrow, and would go if I knew  
where they lived, and if they  
still lived there. Where are they?

Do you all ever hear Sid  
them sing over the radio?  
they sing ever Thursday  
during 4:45. Wish you all could  
hear them they sing over  
KXYZ. They dedicated me a  
song today.

Well Grandma I guess I better  
go to bed have to get up so  
early.

So I'll say Good Night  
and sending my best wishes to  
you all  
Love  
Ann
