Dear Sister & All;-

Received you card glad to hear from you, we are all up and going again, I have been out of the hospital a little over a week, my ribs are still sore but feel lots better than they did.

It has rained and turned cold here the past two days I plan to plant some corn and potatoes the coming week. Have planted beets turnips greens radish etc. also set out 1000 onions plants all doing nice, also have a hen set which cut down on the egg production 50% only have two hens did get two eggs a day.

I saw Len, he gave me the money for your eye glass frames, they are in the mail hope you like them they are the best first quality, and should last for several years, Len said Lill and Shorty was OK.

I am enclosing a letter from my lawyer to me, read the letter and return to me in the enclosed stamped envelope we hope to get the place sold by May this year there will be at least \$140.00 each part which is not so much but I sure can use a \$140.00 at this time, Shorty and I are going down to Caldwell some time the coming month we will go one day and come back the next.

I do not feel so good today as my blood pressure is very high the past two or three days, some days it does not bother me so much as other days.

Tressie is off today from the office and she and sister wants to go out to the ~~farm~~ farm, it is 16 miles out there, so are ready to go, I will have say so long for this time, so let me hear from you all, with love and best wishes, I am

Yours Bro.

A R Herminington
