NEW COTTON REDUCTION PLAN
NEW FOOD PAYMENT

To the Farm Operator:

A new Supplementary Cotton Program has been announced for 1941. To be eligible to participate in the new program it is necessary for the farm operator to sign a form showing your intention to participate.

On Wednesday March 19 1941 from 8:20 A. M. to 4:30 P. M. your Community Committeemen, and one or two members of the County Committee, will be in Simpson at the BarB (upstairs) building to explain, and sign up, the intention sheet for this new program.

At the same meeting these Committeemen will help you work out a plan for your 1941 farming operations. The purpose of this plan sheet is to help you take advantage of the full assistance offered by the A.A.A. in carrying out soil-building practices which will be of most benefit to your farm.

Please meet with your Committeemen some time during the day on the date mentioned above.

Very truly yours,

R. R. Todd
Administrative Officer
