

U. S. POST OFFICE, WICHITA FALLS, TEXAS

wednesday night

OCT 1, 1941

Dear mama:

I hope this will find you all well as for me I am about the same. Do you all have much rain? This sure is a mud-hole here as it has been raining a good bit. This mud is worse than that red-clay down there when it is wet. I hope you all got the money O.K. How much have you paid that rigger? Guess you all have had to put the heater up by now as it has been cold up here. This is the post office where I mailed that money. I went in the door where I marked it. Ans soon, Love, Lenora.
