

Dear mama I did just
 got your letter, was glad
 that you all were well.
 What in the
 the matter.

Could I hate it? I have
 know a lot to do. Some of
 our cows might do that way
 you be mighty careful
 about feeding them. That
 sounds like the fat poison
 to me you be mighty careful.
 I was awful sorry you had
 to sell that little spotted cow.
 I would have gone hungry
 before I would have let you
 sell her but maybe it was
 best I hope so. I did not know
 that we owed that much tax.
 I will send you some money
 this week soon. L. B.
