Dear Home folks:

What are you all doing now? has it got very Cold down there yet? it hasent got very Cold up here yet, but I guess it will be real Cold up here pretty soon.

know how long they will keep us here. I don't like it any better than I ever did. I have been very much disappointed as I had planned for three weeks to come home the past week end but they would not let me off, so we had to move last Saturday afternoon to another squadron. I am not going to plain anything anymore, but I will come home as soon as I can get off. Has Ellis come home yet? do you know when he intends to come? I guess they have forgot to write to me.

Say Dennerd, how are you getting along in school? I hope you do not have to pay to ride the bus. I will send those book's pretty soon if I don't get to come home. Have you

Got any-body to sow some oats yet?
I hope so.

If you all had been listening on
the radio last Sunday morning
at 11 o'clock, you might have heard
my name called on the radio on
station K.W.F.T Wichita Falls. I
went to Church and they had
all the visitors to register as
they go in the Church and the
preacher reads the names before
he begins to preach, you see they
broadcast from the Church. He
sure is a fine preacher. I had some
pictures made the other day, they
are pretty good if my face was not so
long. I sent Dorothy one. I don't have
any news, Trusting I will hear from you
soon, Love, Leonard.
