

WICHETA FALLS, TEXAS.

NOV 30, 1941

Dear Home Folks..

I should say I was very glad to get your letter yesterday, but I was sorry to learn that Emma Dean and Dennerd had been sick again, I hope this will find you all well, I am about the same as usual.

I do not know why you all have not got all my letters, as I have written one and two a week. I wrote all of you each a letter the other day and then I wrote another one to Mama and Emma Dean, I told you that I got ~~th~~ the paper you sent me, and about what I thought of Emma Dean going to ~~xxhxx~~ school. Oh yes, I got the peanuts with the letter yesterday too, I was very glad to get them, they sure good and I thank you so much for them. I have written Alford's folks two or three times but I haven't got an answer yet.

They took Thursday Nov 20, for Thanksgiving up here but it did not seem like Thanksgiving to me. They thought they had a good dinner, but it was not very good to me. We got a package of cigarettes, one cigar and a ten cent bag of candy I know you all had a much better dinner than I did.

Has Mr & Mrs Muckleroy moved back home? how are they? tell them to write me sometime I will answer their letter. How long did Mrs Muckleroy stay in Wichita Falls? sure wish I had got to see her while she was up there.

What is Ellis doing that he don't have time to write a line at night sometimes? I know he has plenty to do. That sure is a good picture of Dennerd that you sent me, I was glad to get it. Oh yes, I am supposed to get ten (10) days off for Xmas so if nothing happens I will leave here ~~Ex~~ Dec 21. I am just crazy to get away from here to go home. The quickest way I can get home will be too slow for me and that won't be quick enough, as I would come by air plane if I could and I had the money. Guess I will ride the bus, but it is so slow.

I don't know whether Lillie will come down there Xmas or not, ~~xx~~ she said she would just get two days off, but Everette would not get any time off. They have moved Everette to another station, did Lillie write you all about it? say Ellis, you know the station on Commerce street No 8. that is where they put Everette, Lillie said he didn't like it either. He has got Yates and old James with him.

I went to church this morning but I did not get to go tonight as I had to go on duty at four o'clock this evening. I am writing this here in the Post Headquarters building, it is ten o'clock now. I am supposed to get off at twelve o'clock tonight and be off until twelve o'clock Monday night.

There were two army boys from out here ran over a man up town last night and killed him, and a train ran over a car and killed three persons. There were seven in the car, two more were not expected to live. A man got shot but it didn't kill him, this all happened yesterday and last night. There sure are lots of recks up around here. I don't have any news, trusting I will hear from you soon.

Love, Lenard Ramsey.
