Dear mama + Children:

will answer your letter received yesterday. Glad all were up. we are up but not well. I've just got back from seeing the Dr. I still have those dizzy spells + the least little things take me to pieces he called it some long name + partly nerves. I've got to take shots every other day for a few weeks. Cost me \$1.00 a shot. he said he thought I could keep on working, sure hope I can.

Archibald took Mrs Anderson to Shreveport Monday. she said she might get sick + me + Everett both working, but she just got lonesome here all day by her self.

I sure am glad Len got to go home. I didn't get to see him as he just had a few minutes between buses, but he called me, he seemed to have an awful cold. said he had to go on duty at mid. night that night.

well it sure is a dreary rainy day - altho its not cold -

Howe you all killed all the hogs sure wish I was there to get some of that sausage -

we dont ever see any of the folks. Al + aunt Tressa have been to see us once in a year. + Bills folks hount been in our house in a year. but thats alright with me.

well its getting late + I've got to go wash dishes so take care of your selves + write soon. Love to all.
