Dearest Homefolks:

Just a few lines to let you know I was glad to get your card also the paper yesterday. Hope this will find you all well. I don't feel good as usual, my throat is so sore I can hardly cough or ~~eat~~ swallow.

I am sending a few cards and stamps as they will help out a little bit. Mama, I want you to go to the Bank there where you borrowed that money and tell that man to send me a statement asking me to come in and pay some on that note that it is due. I think I can get to come home if you will do that as soon as you get this letter. You give him a stamp and my address that I am sending you. Tell him to please

2.

do this for me as soon as you give him my address. You know he would like to have some paid on that Note if it was not but ^{\$5.00} or \$10.00. You said he would let us pay a little along on it as we could pay.

I also got a Card from Dorthy yesterday, she said Oris and Lois had another baby born Dead, sure sorry to hear about it; she said Lois had been pretty bad off but was better.

We sure did have a nice snow up here last Sunday March 1st. The snow fell for over (12) Twelve hours, but it did not stay on the ground but about two days, it was about a (4) Four inch snow. Sure wish you all could have some pretty weather. I don't have any news, Take Care of yourselves, trusting I will hear from you soon.

Love,
Lenard R.
