Dear Homefolks:

As I am not quite froze up I will try writing you all a few lines, believe me it is very bitter Cold here now and it snowed a little last night and this morning. The Cold spell hit here yesterday (Monday) evening, and I think the temperature will be down to zero or below tonight. Hope this will find you all well, I am about the same. Got a letter from Emma Dean Sunday she was O.K., said she was fixing to move to another apartment house.

I sure hope it don't get as cold

down there as it is up here. How
is the tomato plants looking?
O.K I hope. Guess you got plenty of
pine straw to cover them up.

Oh yes, I attended a B.T. u business
meeting at the Church last night.
they also served supper.

Say mama, you can pay the
Bank that ten (\$10.00) dollars that
you owe them out of this money
I am sending and I want you
too keep all of your Chick's that
you can as you might get lots
of eggs this summer and fall.

Did The horse that got cut
get alright also Dorthey's cow's
Calf? hope so. Say Ellis you didn't
say anything about sending me
that "watch" so I could have

it fixed up here, As I ask you about it in the next to the last letter I wrote you, if you will fix it up and send it to me I will have it fixed so you can wear it.

How is Della's folks? I haven't heard from them yet. Say Denard you better hurry and write me. What do you do at school now? Guess you will be glad when school is out as you just have about two and one-half more months to go. Say Ellis, I guess your Chick's are pretty good fryers by now, sure wish I had one to eat. Are they a good price now? You all be sure and write me as soon as you get this, so I will know wheather you got it. Trusting I will hear from you real soon.
Love, Denard.
