

Tuesday night:

March 30, 1942

Dear Home Folks:

Just a few lines as I was disappointed to day in not hearing from you all as I was expecting a letter. Hope this will find you all well. I am about the same as usual.

Seems like you all are pretty slow about writing me, I know you all are very busy, but looks like you could write a Card at night anyway.

I had a nice talk with Emma Dean last Wednesday night on the telephone. I haven't heard from Lillie lately. How is Dorothy and family? Are you all still

2

Having Cold weather? hope not. Emma said They were having plenty of rain, but it hasn't rained up here yet. looks like the Chance for a wheat Crop up here is poor.

I went to Church several times the past week, they got over a hundred (100) new members. I saw about thirty (30) baptised last Sunday night. I went too a B.T.U. business meeting last night, I would not have gone, but as I was one of the group Captains, I was suppose to be there, they served a nice supper as it was at the Church.

Say Ellis did you get a good stand of Corn? hope so.

3

How is the tomatoes looking again? Guess the potatoes are up by now. Mama have you lost many of your Chick's by now? hope not. Say Dennard you better hurry and write me about the size and color of that slack suit; I like a dark solid Cream Color, so hurry and write me about it. Did you ever get those Collar pins? I sent them a week or two ago, but you never did write and tell me wheather you got them or not, hope you got them. We sure have had some very warm weather the last few days. I will send some money in a few days as tomorrow is payday, trusting I will hear from you, and real soon,
Love, Dennard.
