Dear Home folks:

Thought I better write you a few lines as I got your Card also the belt, was glad you all were O.K except Dennard's eyes, hope this will find you all O.K, I am about the same as usual. what was wrong with Dennard's eyes and did he have the sore eyes? hope not.

I got a letter from Lillie since I was down there also one from Dorothy, but I haven't heard from Emma Dean since I saw her. Why don't you all write to Lillie as she

said she had not heard
from you all since she
was down there. I would
have wrote this letter last
night, but I went to a B.T.U.
business meeting at the Church
last night as I was suppose
to be there. You see I have the
progreme for next Sunday
Night, guess it will be a good
one L:

Has it rained anymore
down there yet? guess things
are looking pretty good if
it ho'nt been too cool. How
does the tomatoes look
and did very many of
them die? hope not. Day Ellis
did you get the potato bugs

O.K. with that poission? it
 has not rained up here yet and
 the sand is plenty bad as
 the wind has been blow-
 ing so hard today.

Oh yes, Denard I sent the
 note-book paper yesterday
 also the cloth to shine
 your buttons, so when you use
 it just rap it in the paper
 and put it back in the
 box, hope you get it O.K. you all
 hurry up and write me. Say does
 any of the other folks know
 that I was at home? I havent
 heard from Alford. I dont
 have any news, Ans soon,
 Love,
 Denard
