Dear Denward

Hope you are ok. This leaves me with a double Case of insomnia or what ever that means. You know.

I decided to sleep and could not after that big dinner of my favorite food. English peas, irish stew potatoes and ice cream for dessert and iced tea also. Now I can't sleep. Period.

It is almost pouring cats & dogs. I am going out and catch one too so I will have at least something to keep me company. But first I am going to sleep maybe I will.

Are you going to answer this letter? I wonder.

Anyway I may as well finish it. As I have nothing better to do. My roommate is gone so I

think I will entertain myself
by going through her things
to see what I can find. She
has a good Camera and
a tennis racquet. You know
one of those things you hat
a tennis hall with. I wish
I could play tennis. I also
wish I could swim but I
suppose that would do me
no good because I will have
to work all summer. I am
going to learn though maybe.
Well you are going to
write soon so I will
close. By the way what did
you do today?

Lots of love,
Emma Dean
