Dear mama, E. & D.
How do folks! This leaves
me fine and sitting up here
in the Cool this morning
because it is Cloudy here and
the wind is blowing. But I
don't think it will rain.

I guess you and Denmark have
forgotten I am up here. Ellis as
you just wrote once when mama
was up here and I answered that.
I would like to hear from you
all too if it is not too much
trouble.

The storm they had in Galveston
and Houston was pretty bad wasn't
it? Thirteen killed.

Why don't you be more careful
how you get out in this heat Ellis.
Dorothy said you had gotten too
hot and mama it is dangerous
to get out and stay out in this
sort of heat we have been
having very long at a time so take
care of yourselves.

I took a skirt over to Lillies
one day week before last and

she made it for me. Now I have
got to get me a blouse to go with
it. Don't know what kind I will
get either.
Today is payday and I am very
glad too as I could use that
fat check. I am going to get to be.
Saw a real good show last night
Denmar & I had an octopus
in it that wrapped his
long tentacles around a man
and killed him. Sure was
scary. But I guess you would
have liked it.

Well I have got to hurry
to work now. answer soon.
Love
E Dean

P.S.
We have the Cutest little
dog here Denmar. He is part
Collie and terrier. Sure is
nice to have a dog around
we let him come in the house
too, up stairs even.
