Dear Home folks:

How are you all this beautiful day? hope this finds you all well, I am about the same. I mailed you a card yesterday eve. I got the package today, just thought I would write a line and let you know I got it, sure thank you for sending it and you know I was glad to get it. Sure hope they defer Ellis from the army as they know how it would be if he is drafted, don't see how they could afford to do it. They deferred him before and I know they could do it again. Hope Dennard's raincoat fit and he likes it, guess I will hear from you in a day or too about it. I went to Church this morning, but I will be on duty tonight and won't get to go. I don't have any news, and no real soon,

Love, Lenard.
