Dear Mema Ellis and Dennard,

Got your letter today or yesterday and was glad to hear from you all. Is it still raining and have you done any more gardening? It is raining here and rained almost all night last night I think.

Am getting worse by the minute where my income tax is concerned because I have not got the check for my bonds yet. And I have got to scrape together \$50.60 or some odd cents and you may think I am worried. A mere \$80.00 is nothing to me.

Haven't heard from Leonard in a long time. And I called Lillie twice and she never is there. I don't know what ever happened to Everett.

Finally got my radio back and my roommate paid half of it. So that is not as bad as it could have been.

I have planned to bring that scarf when I come down there if and when. I will do that if nothing else comes off. And I want some nice weather this time. No kidding. That is one thing sure. Dennard you write me a line or two when you have time. If you were here I would send you down and let you pay

them. (The Taxes) - Have you read any
~~my~~ of those books in the library yet?
 I am reading one from the Public
 library now. I have a library Card
 so I can go down and get a book
 almost any time I want to.

Frank Sinatra is going to be in
 a show here next week. And I got
 a post Card with his picture of him
 on it also one of John Payne from
 my girl friends in California.

Well you all be good and will
 see you some of these days.

Love,

Emma Dean
