Dear Customer

Your order is much appreciated and has been handled in accordance with your instructions.

WE GUARANTEE SAFE DELIVERY OF EVERY SHIPMENT AND MAKE GOOD PROMPTLY FOR ANY DAMAGE OR SHORTAGE WHICH MAY OCCUR.

Of the thousands of orders that we ship by freight, it is only occasionally that any damage or shortage occurs while shipment is in transit.

However, we suggest that when you accept the shipment you examine it, and in case of damage or shortage, that you have the freight agent make a notation to that effect on your freight bill before you accept shipment.

If you do not discover the damage or shortage until you unpack the shipment at your home, please request the agent to call and make an inspection and ask him for a copy of his inspection report. Kindly see that the container and wrappings are available for the agent's inspection. Send the inspection report, together with the freight bill and a letter of explanation, to us with your instructions as to whether you wish the article replaced and we will take care of it promptly.

If there is no freight agent at your station, simply write us explaining what is wrong with the shipment.

It has been a pleasure to serve you.

Yours truly

SEARS, ROEBUCK AND CO.
