

Dear Leonard,

Boy, we got those tomatoes set out at last. I stayed home Monday + Tuesday. The wind was blowing pretty hard from the north then and it has been from the north since. We need a rain on them as the North Wind dried out the ground pretty bad. We + Ellis planted Watermelon, Musk Melon, squash and cucumber seed yesterday evening. Those books you sent surely are good ones.

I don't know why Emma Jean won't write to you. Perhaps her letters have been misplaced?

Well it won't be very long until school will be out. I'll be glad when it is. I'm doing all right in school. Boy when will you get to home home? Do you think they are going to move you? Hope not. ^{anspoon,} Love, Dee
