

Saturday night.

Dear Homefolks:

I have a little just a few lines as
time to write now. I
got a letter from Emma Dean
this week, she was O.K. Hope this
finds you all O.K., I am about
the same.

I put in the order tonight
for the radio battery, you
should get them about the 18th
any-way. I had them sent
to your address. The Clerk
said there may-be a little
postage due on them when
they come to you as I had
them sent to your address
instead to my address up here.
Hope you get them O.K. I paid her

Five dollars and thirty Cts
(\$5.30) for them.

Have you all Cut the Cone
yet and how much syrup did
it make? hope it turn out good.

Has it rain any there lately?
hope so. It is still very dry here,
but is pretty Cold now. How is
Dorothy and family? I haven't heard
from them in several days.

Say Dinnard I am still looking
for those peanuts. Ellis how is
your eye and is it improving any
now? hope so. Take Care of yourself,
Ans soon.

Love,

Lenard.
