Lufkin, Texas
1956*

As the editor of the JUNIOR FANG of 1956, I wish to express my gratitude for the fine co-operation of the staff, representatives, students, and teachers.

This was our annual--now it is yours! Keep it always as a reminder of your good times in Junior High, and as the days pass, look back on the years of your youth as the happiest time of your life.

Sincerely,

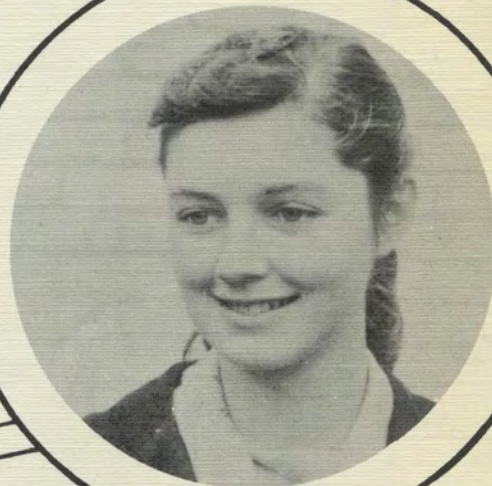

Janelle Coleman

Principal's Message

In developing a way of life, we as individuals have to make many sacrifices. Many people before us have done this same thing, but our greatest concern is that we profit wherein we know others have failed. You, as a student in Junior High, should set your goal as high as the sky and work each day in building your rocket to get there.

This has been a pleasant year for me, and I am happy to have had the opportunity of working with you and watching the many fine ways in which you have grown.

Work hard and be grateful for the opportunities, the rights and privileges that you have as an American.

W. H. Byrd
