It happened in our town a long time ago...

It was in 1898, that the first telephone rang in Lufkin. A simple two phone connection between the offices of Judge Mantooth and Dr. Denman marked what was to be the beginning of Lufkin Telephone Exchange. In 1900, Lufkin Telephone Exchange began full scale operations serving 100 customers.

Seventy-two years later LTX has over 25,500 telephones in operation. These telephones generate over 4,000,000 calls per month operating through a network of 3,500,000 feet of cable, and we're still growing. Lufkin Telephone Exchange is working harder to make your telephone service better.
