The 1976 Bi-Centennial yearbook is dedicated to Mr. Willie Massey, who is affectionately known as "The Fess" to the student body. Mr. Massey became associated with Diboll Schools in 1953. He was principal of the H. G. Temple School and in 1969 became a part of the Diboll High School faculty. He has served as assistant principal since 1970. He is retiring at the end of this school year. The "Fess" will be fondly missed by our students and his fellow teachers.

ADMINISTRATION

Members of the Diboll School Board

Seated from left to right: Mrs. Sandra Poland, Secretary; Stacey Cooke, President; and Carl Pavlic, Vice President. Standing are C. H. Shepherd, Superintendent Donald Robbins; Milford Ruby, Ray Paulsey, and Dick Albrecht.

This page is dedicated to the members of the Diboll Independent School District's Board of Education. We the Annual Staff and the students, sincerely express our appreciation to the board members for their concern and tireless efforts to improve our school system.

Dear Friends,

A celebration of the Bi-centennial of our great country can stimulate a deep sense of gratitude and satisfaction for us living today who are reaping the benefits of the toil and sweat that went into the 200 + years of development of the United States of America.

At the same time, your historically-recent dedication and contributions have helped to maintain the wonderful life in this our "Columbia, the Gem of the Ocean," our "America, the Beautiful."

Review your record to date, remembering that you gain in life in proportion to the effort you put forth. Those of you who are saying goodbye to Diboll High School can still chart a good course down the pathway of life, while those who are coming back next year will help lay the cornerstone of the 2nd Bi-centennial through hard work and a desire to make things better.

As time flies by our memories will retain mostly the good experiences we have had. Develop those experiences for a lifetime of pleasant remembrances.

Best wishes to all of you. To the teachers and staff let me say, "Thank you," for your contributions.

Sincerely,

Donald E. Robbins

Diboll High School became a first class school in 1922.

IN CONGRESS, JULY 4, 1776

The unanimous Declaration of the thirteen united States of America

W^m BENTINCK

appears among the powers of the earth; the power and equal station to which the laws of Nature and of Nature's God entitle them; a demand respect to the opinions of mankind requires that they should declare the rights which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain unalienable Rights, that among these are life, liberty and the pursuit of Happiness — That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed; — That whenever any Form of Government becomes destructive of these ends, it is the right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and Happiness. Prudence indeed will dictate that Governments long established should not be changed for light and transient causes; and accordingly all reform have hitherto been made without violent disturbance; but when a long train of abuses and usurpations, pursuing invariably the same Object, evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. — Such has been the patient sufferance of these Colonies; and such now are the necessities which constrain them to alter their former Systems of Government. The history of the present King of Great-Britain is a history of suspected injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this let Facts be submitted to a candid world?

He has refused his Assent to Laws, the most wholesome and necessary for the public good. — He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them. — He has refused to assent to Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inapportionable to them and precluded to them only. — He has called together legislative Bodies at unusual, uncomfortable, and distant times for the purpose of dissolving them, after they had assembled, in order to comply with his measures. — He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people. — He has refused to assent to Laws for the amendment of the most important Dispositions, whereby the Legislative Powers, incapable of Annihilation, have returned to the People at large for their exercise; the sole remaining remedy to all the dangers of oppression from without, and commensurate within. — He has endeavored to prevent the Population of these States; for that purpose obstructing the Law for Naturalization of Foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of Appropriate of Lands. — He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary Powers. — He has made Judges dependent on his Will alone, for the tenure of their Offices, and the amount and payment of their salaries. — He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our people, and eat out their substance. — He has kept us, in times of peace, Standing Armies, without the Consent of our Legislatures. — He has affected to render the Military independent of and superior to the Civil Power? — He has combined with others to subject us to a jurisdiction foreign to our Constitution, and unacknowledged by our Laws; giving his Assent to their Acts of pretended Legislation: — For Quartering large bodies of armed troops among us; — For protecting them by a mock Trial, from punishment for any Murders which they should commit on the Inhabitants of these States; — For carrying us back with others to all parts of the world; — For depriving us in many cases of the benefit of Trial by Jury; — For transporting us beyond seas to be tried for pretended offences; — For abolishing the free System of English Laws in a neighboring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to extend it at once on example and fit instrument for introducing the same absolute rule into these Colonies; — For taking away our Charters, abolishing our most valuable Laws and altering fundamentally the Forms of our Governments; — For suspending our own Legislatures, and declaring themselves invested with Powers to legislate for us in all cases whatsoever. — He has abdicated Government here, by declaring us out of his Protection and engaging us against us. — He has plundered our Coast, burnt our towns, and destroyed the lives of our people. — He is at this time making war on us, in violation of every Law, Moral and Political which binds Men, even before the Declaration of Independence.

The Senior Class of 1922

Pictured left to right: Myrtle Copeland, Bee Coan, Marsille Stegall, Bea Jones, Cleo Agee, Franklin Farrington, Herbert Stegall, Ed Burrous.

The first graduating class from Diboll was the class of 1922. It consisted of five girls and three boys. Two of the students were the Superintendent's children. At that time there were only eleven year schools, instead of twelve years as now. One of the above students, Bea Coan, better known as Mrs. Bea Burkhalter, went on to become a teacher and, later, grade school principal at Diboll. Only three of the above students are living at this time.

An Early School for Blacks

Diboll, like other areas of the South, maintained separate schools for Blacks. The above picture, dating from the early 1900's, shows Professor J. W. Hogg and his students standing in front of the Black school. Records show that there were 40 enrolled and that Southern Pine Lumber Co. paid part of the expenses for operating the school.

Mr. James Monroe Huddle served as principal from 1918-1938.
