Todd Wright

Diboll High School Diboll, Texas

The Lumberjack 1978 Volume 34

Foreword

In all things there is a story!

Adhering to that tradition, we present to you the daily pulse-beat of the happenings of the 1977-78 school year.

These beats are slow and unmethodical and each page holds more than the other.

We realize that no masterpiece has resulted from this book, but as you flip through its pages in the years to come, we hope that the events portrayed bring back fond memories: memories of smiles, tears, friends, and a simpler time.

So with this thought, we, the Lumberjack staff, present to you, the students of D. H. S. and its patrons

The 1978 LUMBERJACK.

In
Dedication
to
Mr. "Pop" Rich

The Lumberjack Yearbook Staff takes great pleasure in dedicating the 1978 annual to Mr. Doyne Rich, better known as "Pop". Mr. Rich joined the staff at Diboll High School in 1964 as teacher and Business Manager. As the system grew, Pop left the classroom in 1968 to devote full time as Business Manager and Tax Assessor-Collector for the Diboll School District.

Mr. Rich has earned respect and praise for his untiring efforts (often from before daylight until after dark) to see that everything functions properly on the school campuses. It is people like Pop who make things better for us all.

ADMINISTRATION

Members of Diboll School Board

Sitting l. to r.: Nancy Holubec—secretary, Ray Paulsey—president, Milford Ruby—vice-president. Standing l. to r.: Charles Havard, James Rhone, Stacy Cooke.

NOTE: Mr. Clyde Cheshire served on the School Board part of the year, but resigned so that his wife could teach in the Diboll School system.

The members of the school board are elected by local citizens and serve without pay. We take this means to express the appreciation of students and faculty for the many hours the board devotes to caring for and looking after the welfare of our schools. Decisions are not always easy to make and some necessary decisions are not always popular or may be misunderstood. Unjust criticism is often made. It takes people of high caliber to stand up to these pressures. Again, thanks. We hope our appreciation will help compensate for your worthwhile contributions to our schools and community.

Diboll High School Superintendent

Dear Graduates and Friends,

Diboll's finest! Not its uniformed policemen, but its great student body, from the gratified graduating senior to the freshman emerging from greenness, eager to be a part of this wonderful surrounding.

Books are closed for the year, some for a short while, some permanently. It's a time for decision—perhaps life's work world will receive new members—perhaps the education world will keep some of you; only temporarily, for eventually you will all wind up in the work world.

If you have applied yourselves and made preparations, the road will be less bumpy. Regardless, all of you can set goals that are attainable if you are willing to pay the price for success. Diligence, loyalty, desire, and intestinal fortitude will enable you to gain your contributing position in our most complex society.

Grab it and go! Give it your best shot! Don't look back. Your mistakes are history!
Today's the day. And it is yours to shape!

Good Luck,

Donald E. Robbins

Band Has Work-filled Year

Beginning in August, the D.H.S. Lumberjack Band labored through evening, and for many members, morning practices. This Big Red Marching Machine highlighted each and every football game. They worked very hard and represented Diboll well by attending parades, invitational and UIL marching contests. This group of talented musicians performed in 2 concerts and also attended UIL concert contest.

The 1977-78 year was a successful one thanks to the dedication and hard work of these young people.

What does a high school journalism class do to publish a school paper?

Well, we . . . think . . . talk . . . write . . . type . . . interview . . . rewrite . . . sell ads . . . draw illustrations . . . lay out ads . . . retype . . . proofread . . . write headlines . . . lay out pages . . . staple papers together . . . sell papers . . . figure financial balances . . . suggest articles for the next issue . . . and start all over again.

We strive to publish the news of DHS accurately and in detail, and at the same time to print features and unique sidelights which enhance reader interest and provide variety. Our job is communication, a skill which we are constantly trying to improve.

SAVING TIPS

on electric air conditioning

Central Systems

1. Set thermostat on 78°, or higher.
2. Have equipment checked seasonally by qualified serviceman.
3. Check filter every 30 days. Clean or replace when dirty.
4. Keep furniture, draperies away from air outlets and returns. Clean grills often.
5. Close draperies and blinds to keep out sunlight.
6. Keep fireplace damper closed.
7. Proper home insulation keeps heat out, cuts energy use.
8. Weatherstrip doors and windows. Caulk cracks.
9. Keep windows closed. Open outside doors as little as possible.

Window Units

Follow above suggestions, plus these:

10. Buy units with *highest* "energy efficiency ratio" (EER). If EER is not on sales tag, ask for it or figure it yourself. Divide "wattage" into "BTU" capacity.
11. Place unit where it'll get as little direct sun as possible.
12. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doortop for recooling, recirculation.

If you would like additional information on conserving electricity, call the Customer Service Representative in the TP&L Office.

Your Future And Ours

Our young people represent more than just a generation. To us, students mean the future; our hopes for the coming years rest firmly on the shoulders of the young men and women of our community. Whatever will be accomplished in this world in years to come is the responsibility of our youth. Because you **are** our future. And we support you.

PAPER

When Thomas Louis Latane Temple stepped off the train eighty-two years ago, we became a part of Diboll. We've grown quite a bit since 1894 and now Temple Industries is part of an organization with offices in places like London and Paris, New York and Madrid. The future holds great promise, and we're understandably proud of our growth. But mainly we're proud of being a part of the finest group of people in the world...the folks of East Texas.

WE WANT TO BE A GOOD NEIGHBOR
