The Lumberjack 1980

Volume 36

FOREWORD

The Diboll High School Lumberjack annual staff is proud to present the 1980 edition of the Lumberjack.

A high school is more than simply a group of buildings, offices, and classrooms. It is the students who every day put life into these buildings. It is the teachers who pass knowledge acquired during years of study on to the students. It is the administrators who coordinate the activities of both students and faculty into a smooth-functioning institution. But above these material ingredients of high school is an intangible spirit of pride in the school which sets it apart from similar groups.

Each student is faced daily with the challenges of completing his education. It is a constant struggle to solve problems, go to classes, finish reports, and study for tests. The lineup is endless. But the rewards of a successful high school education are innumerable. Classroom work doesn't consume all the student's time. The high school dances . . . the exciting pep rallies . . . the athletic contests . . . the band activities . . . clubs . . . student elections . . .

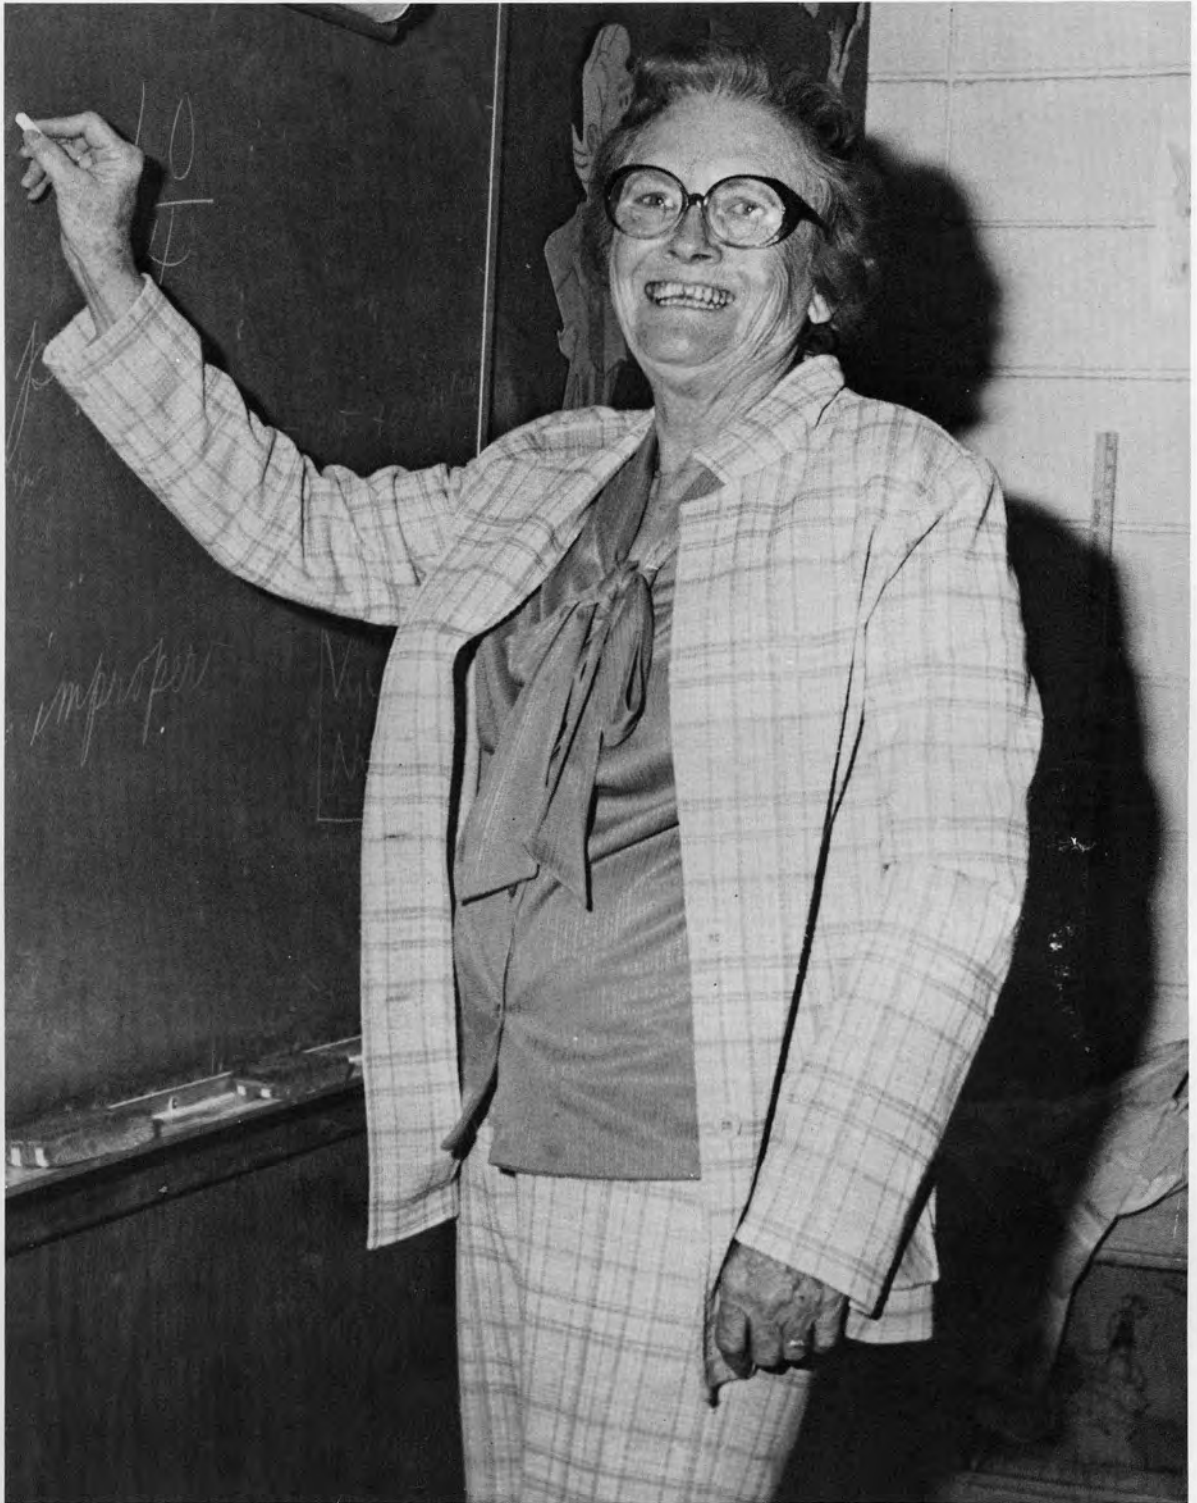

It is the Lumberjack annual staff's desire to depict just a few of the high points and inspirations in such a way that when you are browsing through the attic in years to come, and happen upon the 1980 Lumberjack, you will recall with equal ardor the inspirations you received here. We can only wish that you giggle a little—or maybe shed a tear. For, in light of small things, the soul finds its fulfillment.

We tried, and here it is: Your 1980 Lumberjack.

The 1979-80 Lumberjack staff

Dedicated to

Mrs. Ruth Poland

—for forty years given as a teacher in the public schools of Texas. She taught twenty-nine of those years in Diboll. She retired at the end of the 1980 school year. The annual staff wishes for her many happy and healthy years of retirement. She has earned them and deserves them.

ADMINISTRATION

School Board

Front row L to R: Charles Havard, Secretary; Milford Ruby, President; Don Robbins, Superintendent; James "Doc" Walker, Vice-President. Back row, L to R: John Ralph Pouland, James Rhone, Nancy Holubec, and Stacy Cooke.

We would like to express our thanks to the Diboll Independent School District Board of Education for the guidance they provide the students in Diboll. These members are dedicated people who serve without pay, taking time from their busy schedules to supply leadership for all of us the follow. For their many hours of service to the community and schools, we thank them.

The Annual Staff

Superintendent

Life is a complex mixture of work and play. As you proceed down the pathway you will be confronted by situations that require objective thinking. Strive to gain the insight necessary to help you make good decisions. Each turn in the path of life brings chance of opportunity. React wisely and well and the future is bright. Never before have you had such great challenges that demanded as much fortitude and determination to meet.

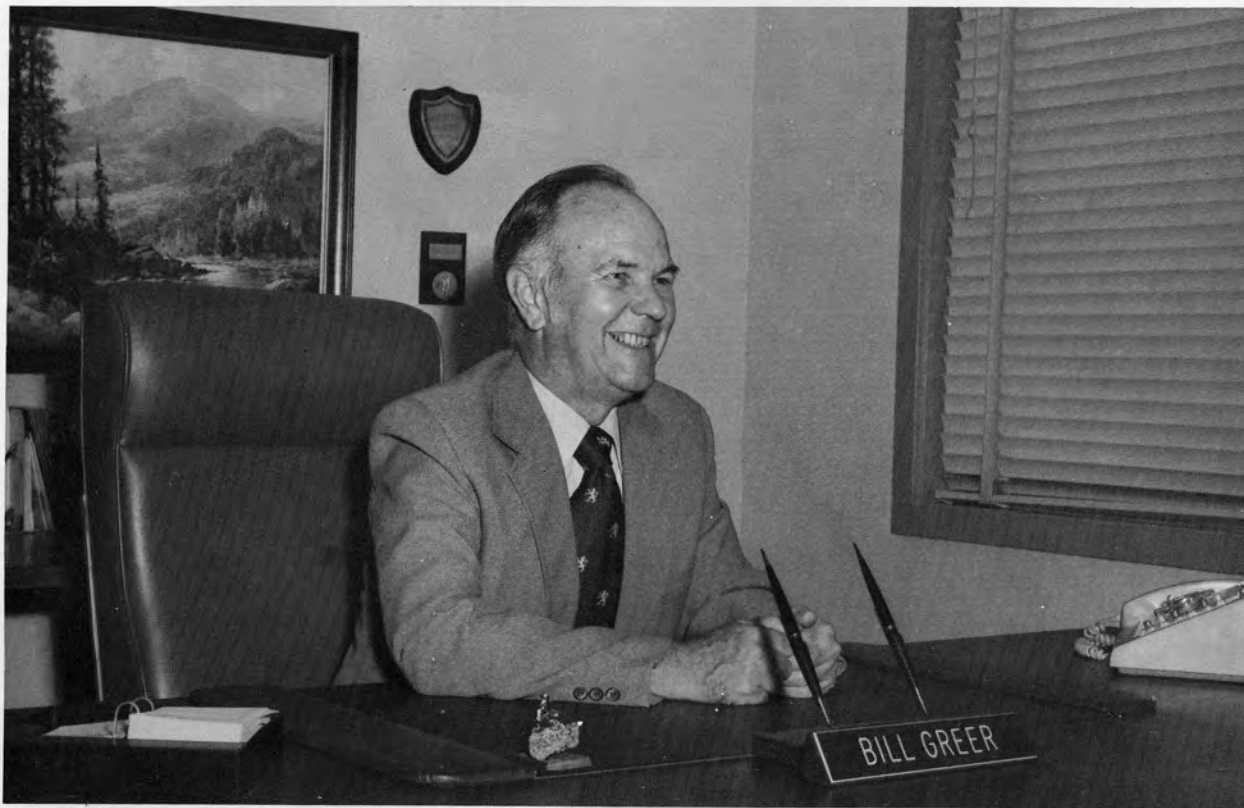

Look back fondly at your accomplishments. Look forward to your coming experiences with anticipation. Work time and leisure time will have to complement each other to assure you of a healthy mind in a healthy body.

Diboll is proud of you.

Sincerely,

Don Robbins

Tonya Clark

Randy Murry

Tonya has been active in DHS campus life—serving as Freshman Class reporter, Sophomore Student Council representative and Junior and Senior Class President. She was also President of the Anchor Club and National Honor Society secretary.

She played volleyball four years and tennis three years, excelling in both. She recieved the DAR award for scholastic achievement and the W.F. Pate Award for athletic excellence and Leadership. Tonya plans to attend Angelina College on a cheerleading scholarship and go on to major in education.

Randy has been very active at DHS every year he has been here. He was a member of the FFA for 3 years and participated in Live Stock shows each year. He recieved blue ribbons for his show steers in 77-78-79. He had the reserve grand-champion in the 1978 show. Randy was also a stand-out football player for 2 years. Randy plans to attend Sam Houston

Top Honor Graduates

Paul Bradshaw (left) was the valedictorian of the 1980 graduating class at DHS. Paul graduated with a four year scholastic average of 96.64. Gregg Spivey (right) was named salutatorian with a grade point average of 96.45. Both will be attending college in the fall. Paul will enter the University of Texas at Austin and will be majoring in business and accounting. He also plans to later enter Law School. Gregg will attend Angelina College for one year and then go on to a four year college.

1980 Seniors with above 90 average

Out of a total of eighty-three graduating seniors, nineteen averaged over 90 for the four years' grades. They were (top row—l to r) Paul Bradshaw, 96.64; Gregg Spivey, 96.45; Kathy McWilliams, 96.37; Connie Maddox, 95.80; Janet Price, 95.47; and Troi Russell, 95.07. The record for the 1979-1980 season of the D.H.S. Ladyjacks was very good. The district record was 9 wins and 3 losses. Their overall record was 19 wins and 7 losses.

The Ladyjacks set their goal high and almost achieved it. They battled through their district and tied in wins and losses with Hudson. When these two teams met in the zone play off, Diboll was defeated but went on to come out victorious in the district tournament. Diboll represented their district at the Bi-District game and again was successful. This win pushed the team into the Regional Tournament where they lost. They came away with a lesson learned and pointers for the future.

Their wins were only possible because of the hours of hard practice and diligence. For the senior members, it was a season to remember. For the team members who are returning, they will know there is only one way to achieve their goal—the Ladyjack way!

Future Farmers of America and some of their projects.

Here are pictured activities of the Diboll Agriculture department. The highlight of their year was the Angelina County Livestock Show. There were twenty-three steers entered in the show from our Ag. Department. Sixteen of them made the sale. There were sixteen blue ribbons given to the AG. students. There were fifteen breeding rabbits entered. Eric Mettlen had Reserve Champion. Dibell also won first place in shop, winning one red and nine blue ribbons.

QUICK EXPERT SERVICE

As we work on today's problems by constantly improving our pollution control systems, cutting our own energy use by 336,000 cubic feet of gas per day, and investing in production machines to meet the world's increasing demand for LUFKIN energy-producing equipment, we realize that answers for tomorrow's problems will come from today's students. That's why we support East Texas schools and deserving students with scholarships and employment opportunities for business/vocational students. Ours is a two-fold commitment to continue to serve East Texas as a "good citizen" both today and tomorrow.

Parker's

When Thomas Louis Latane Temple stepped off the train eighty-two years ago, we became a part of Diboll. We've grown quite a bit since 1894 and now Temple Industries is part of an organization with offices in places like London and Paris, New York and Madrid. The future holds great promise, and we're understandably proud of our growth. But mainly we're proud of being a part of the finest group of people in the world...the folks of East Texas.

SAVING TIPS on electric air conditioning

Central Systems

1. Set thermostat on 78°, or higher.
2. Have equipment checked seasonally by qualified serviceman.
3. Check filter every 30 days. Clean or replace when dirty.
4. Keep furniture, draperies away from air outlets and returns. Clean grills often.
5. Close draperies and blinds to keep out sunlight.
6. Keep fireplace damper closed.
7. Proper home insulation keeps heat out, cuts energy use.
8. Weatherstrip doors and windows. Caulk cracks.
9. Keep windows closed. Open outside doors as little as possible.

Window Units

Follow above suggestions, plus these:

10. Buy units with *highest* "energy efficiency ratio" (EER). If EER is not on sales tag, ask for it or figure it yourself. Divide "wattage" into "BTU" capacity.
11. Place unit where it'll get as little direct sun as possible.
12. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doortop for recooling, recirculation.

If you would like additional information on conserving electricity, call the Customer Service Representative in the TP&L Office.

Your Future And Ours

Our young people represent more than just a generation. To us, students mean the future; our hopes for the coming years rest firmly on the shoulders of the young men and women of our community. Whatever will be accomplished in this world in years to come is the responsibility of our youth. Because you **are** our future. And we support you.
