Who we are

The color of life in '88!

CLINT RAMSEY said, "Isn't this the pits?" WHERE DOES the sock end and the show begin?

DOT, DOT, dot! Red dot hot!!

LEANENE GARR, Diane Adkison, Tessie Austin, Mr. Joe Garr and Deborah Hannah happily line up for the firing squad.

D'ANNE FOX said, "Please leave me alone!" You can NEVER take Melissa Baxter seriously!

MAXINE WILLMON, Melissa Baxter and Christi Dear came down with a severe case of red dot fever. COACH RUSSELL Roberts poses for *Playgirl*.

Smiles dominate in '88

DIBOLL FOLKS enjoy an exciting basketball game. MAXINE WILLMON and Jennifer Hendrick said "Last call, everybody!"

ROBERT WALLER displays the fine art of freestyling. MYRTON THOMPSON concentrates in Mrs. Lois Clemons' class.

DO THESE guys have spirit, or what? SENIORS ENJOY the bonfire. THE BAND shines brightly at the Corrigan-Camden Day Parade.

ANGIE BENN, Stacy Jordan and Joanna Burrous enjoy the Homecoming dance to the fullest. MR. GREER is the Head Raisin.

Student life begins after 3:10

THE ONE and only fighting Diboll Lumberjack.

BRENT WEST throws himself into a victory over the Huntington Red Devils.

DEMETRICS ALEXANDER enjoys a snack during halftime.
EDDIE HERNANDEZ paints his dream car in art class.
THIS IS DIBOLL'S OWN version of "Children Of The Corn."

DEMETRICS ALEXANDER finishes the season as high scorer for the Ladyjacks averaging 17 points per game. TAKE A look at this Motley looking Crue.

TESSIE AUSTIN competes for her tennis position in the brackets. THE BLAZING Homecoming bonfire heats up a cold September night.

DHS stands tall

THE GREENHOUSE takes on an unusual glow during a heavy rainfall.

WENDY GRIGSON shows a look of boredom in one of her classes. MAX PAK gets into the DHS spirit as this sign says it all. TEACHERS raise the spirit as they hear "it through the grapevine."

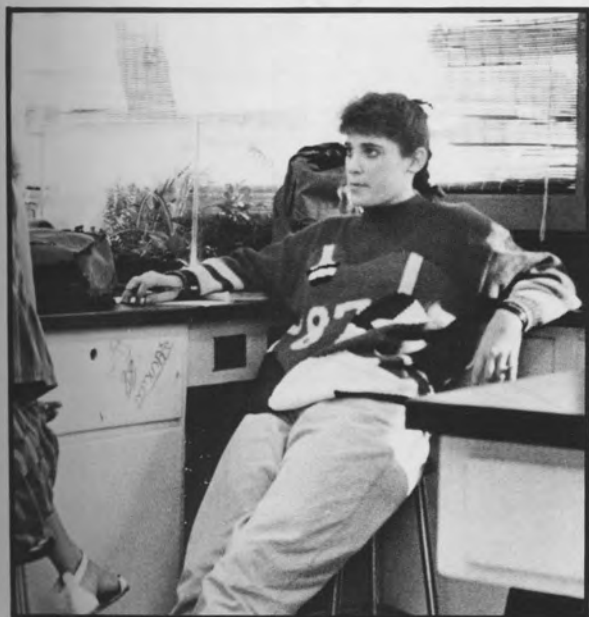

ROGER SHADIX and Travis Bland show their version of "Revenge of the Nerds"!

SHERRI CAPPS takes a break during an extensive Biology II class session.

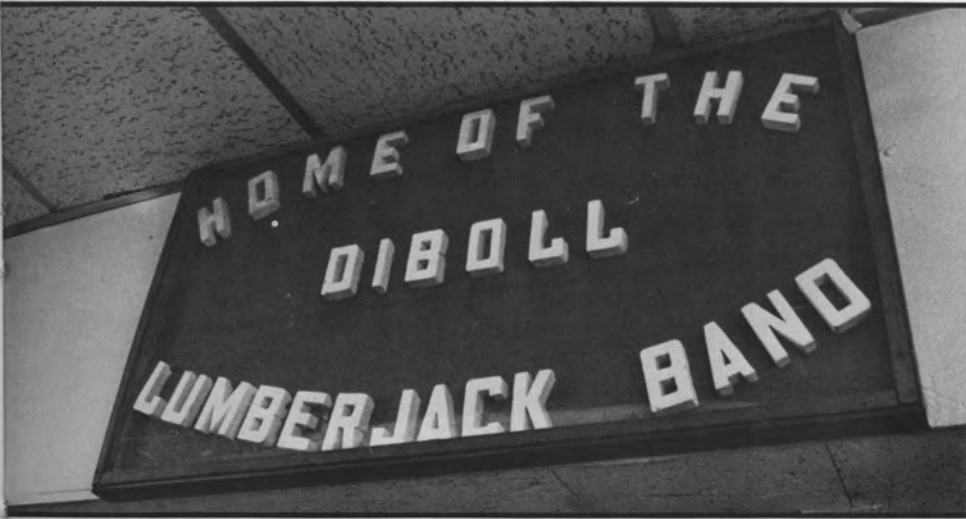

FRED FOWLER, Michael Baldwin and Isaac Henderson take the challenge of cheerleading as a new sport.

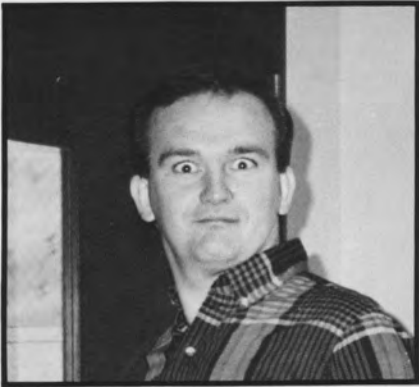

DHS spirit prevails

THE LUMBERJACK spirit was displayed all through 1987-88. SCOTT STEWART says "Sorry folks, I'm on a diet" as Robert Wells and Shawn Lyles dig in. PHILLIP CAMP says, "I made WHAT on the biology test?" LANCE SIMMS, Thomas Helm and Juan Buenrostro enjoy learning in home economics class.

THIS IS the room where the fun ends and the hard work begins. ROGER SHADIX demonstrates the lynching of the Crockett Bulldogs after the Lumberjacks victory, 21-14. MR. BILL Greer tries his hand as a California Raisin in one of Diboll's most successful pep rallies.

"HELPING STUDENTS is what I do best," Mrs. Lois Clemens said. MR. GORDON Haney asked, "I swallowed WHAT?" MR. GEORGE Helm replied, "Can't you see I'm busy right now?" MR. BILL Greer dances in hopes of a victory over the Groveton Indians.

With exciting new music and flashy new uniforms for the flag corp and the twirlers, the Lumberjack Band burst onto the DHS scene this year. They added spirit to pep rallies and dazzled spectators at halftime by performing such popular hits as "LA BAMBA," "WALK LIKE AN EGYPTIAN," "HIP TO BE SQUARE," "SUMMERTIME BLUES," and "LOUIE, LOUIE." They brought back a division II rating from the annual marching contest and a I from the concert/sight-reading contest.

Through the many days of practice, the band shone through. With dedication and hard work of band members, flag corp twirlers, drum majors, assistant band director Jimmy Battle and band director Gordon Haney, the band displayed an astounding sound of excellence in '87-88. DHS is proud of its band!

THE BAND seniors of 1987-88 were Tammy Hardy, Lisa Miranda, Melinda Linton, Elizabeth Ingram, Marcie Turner, Deborah Hannah and Leanene Garr. On the back row were Tessie Austin, Fred Fowler and James Hodsdon.

AX staff learns newspaper business

This year's AX staff had quite a year. They started the year with one teacher, Mr. Mike Crim, who resigned after two six weeks to return to his work at the Diboll Free Press. Ms. Sue Perkins took over teaching responsibilities in the Student Publications Department just before Christmas.

Five newspapers were published throughout the year. The AX staff tried some different approaches to the news — picture pages, more graphic arts and a more modular page design.

Melissa Baxter and Becky Hebert were co-editors of The AX.

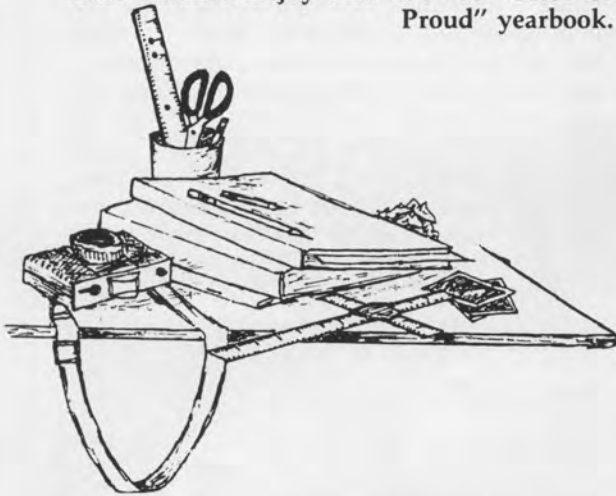

The 1987-88 AX Staff were (front row) Jenni Williams and Melissa Baxter. On the second row were Jimmy Maddox, Becky Hebert, Todd Wright, Nancy Zapata, Leslie Kilgore, Clay Eldridge, Mandy Spencer, Jennifer Hendrick, Judd Capps, and Alan Campbell. Annual staff meets most deadlines

Throughout the 87-88 school year, yearbook students worked extra hard to put together a fantastic yearbook. There were many days that the Lumberjack staff didn't want to work. But those were usually the days they worked hardest to make the yearbook top-notch.

The beginning of the year was filled with days of leaving campus. These days weren't always fun. They were busy selling advertisements to various businesses for the yearbook. Several times the students were rejected but held their heads high anyway. The time finally came for the staff to put the yearbook together. Days were with pages to be done. There were deadlines that had to be met and pictures that had to be taken.

Despite long hours of hard work and extra effort, the yearbook was finally finished June 6. The Lumberjack staff hopes that DHS students enjoy their 1987-88 "Color Us Proud" yearbook.

Southern Flying Squirrel (*Glaucomys volans*)

Painting by Ronnie Wells

A lesson in hang gliding.

To move from tree to tree, the Southern Flying Squirrel navigates the distance, turning his head from side to side, then pushes off. He steers by moving his legs and tail. Approaching for a landing on the next tree, sometimes as far away as 150 feet, he raises his body and tail, lowers his "landing gear," and extends his claws to grip the runway.

Sitting down, a flying squirrel appears pudgy, with a coat much too large for him. In the air, the loose skin and membrane flatten into a square as he glides effortlessly from place to place.

It was from the flying squirrel that man learned how to fly gliders. Throughout the ages, man has learned many things by observing wildlife in their natural habitat. At Temple-Eastex, we appreciate these lessons from Mother Nature. Through our reforestation program and wildlife management and preservation efforts, we have made sure the flying squirrel will always have a runway to grip.

EXPECTATIONS

... we all have them, and sometimes things happen to change them.

But there are some expectations that never change — like the fun and comfort of a best friend, the satisfaction of a good test grade, or the chills a school song brings when sung across a lighted field.

At TU Electric, we realize you have expectations of us, too — like having the electrical power ready when you turn on your computer, put on some records or plug in the blow dryer. And when the power does go off, we know you expect it to be restored quickly.

And it will be. That's just part of our commitment to provide quality electric service to customers.

HERN SOUTH BOYS

This is how we produced this annual

The cover for this year's LUMBERJACK is silkscreened on a silver mylar stiff cover material with red and black inks. Some students and faculty chose to have their names imprinted on their cover in black ink.

This year we had our own cover and division page artwork done by David Van Hoorn, a graphic artist at Temple Eastex. We sincerely thank him for his unique contribution to this year's annual. We certainly could not have put this book together without his artistic efforts.

The book itself consisted of 160 pages including this one. The pages were printed on 80 pound glossy paper, and the pages were trimmed to 7 3/4" x 10 1/2". All pages were printed with black ink except for eight color pages, which, of course, were printed in black plus the three base colors.

All type in the book is Palatino Bold in each size type we used — 8 point for captions, 10 point for body, 18 point for subheads, 30 point for headlines and 42 point for division page heads. We set the folio tabs and page numbers in 8 point as well.

Most of the type was justified but some we changed at the last minute to be ragged left or ragged right, whichever fit the layout.

The layout style throughout the book was mosaic. The consistent internal margin was set at one pica width.

Mr. Richard Sterchy was our Josten's sales representative this year, and Ms. Sue Perkins was our yearbook adviser.
