MISSY BAXTER and **Shanna Cowart** acted as co-editors of the '89 yearbook. **SUSAN SLOAN** did the graduation pages and some of the sports pages. **SCOTT STEWART** was the sports editor and was an excellent copy-writer.

'89 theme: "Forever Young"

During the year, the **LUMBERJACK** staff worked to put together what the staff thinks is a great book of memories. There were many days the staff didn't want to design pages or write. But later on, as the year drew closer to a end, they realized that the work must be done. So "the team" started working more than they ever had before.

At the first of the year, our yearbook classes began on the road. The staff sold advertisements to help finance the cost of publishing the book. Although some businesses did turn them down, the staff always knew there would be other businesses that wouldn't. The staff finally sold about \$4,000 worth of ads which is only about one-third of the cost of the whole book.

After the ads were sold, it was time to start putting together the real pages of the yearbook. A few staff members came after school to try and help meet the deadlines. There is a lot more to publishing a yearbook than most people realize, and it takes many hours of dedication to make one look like you want it.

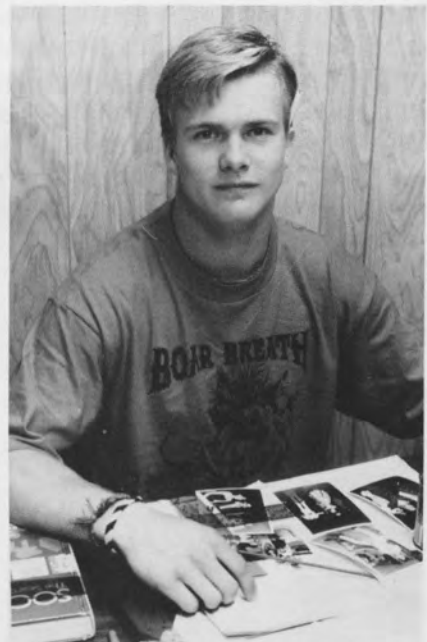

Despite the hours, the staff worked hard and questioned everything they did or didn't do.

And finally, the **LUMBERJACK** is complete. The **LUMBERJACK** staff and Sue Perkins, the adviser, hopes the students of Diboll High School enjoys the 45th edition, the 1989 "Forever Young."

JO ANNA COWART picked up a lot of slack during the second semester and completed the teachers' pages, billed for advertising and held down the assistant editor's job. **RODOLFO SALAIZ** served as Academics and Honors editor. **HEIDI YATES** was advertising manager and did most of the organizations section and some classes pages. **BRENT WEST** worked on classes pages and helped Scott with the sports pages.

AX staff goes to computers

The Student Publications Department purchased a new Macintosh SE computer and Laserwriter II NT this year, and since the beginning of school, THE AX has been put together on it. And it has been quite a learning experience.

Temple-Inland provided the computer equipment to the Student Publications Department and the Art Department in a \$22,000 grant that was received last summer.

Members of THE AX staff have set type for their own stories, drawn editorial cartoons and done advertisement mock-ups on the new computer system. This is in addition to designing the AX pages themselves and writing who, what, when, why, where and how.

"THE AX has improved graphically this year, and we attribute a lot of that to being able to work with the Mac and its desktop publishing system," Editor Craig Yates said.

MEMBERS OF the first period AX staff are Todd Wright, Steven Hannah, Sheri Sheridan, Joe Smart, Kim Stringer, Jo Anna Cowart, Summer Bland, Susan Sloan and Amanda Spencer. School Board gets new school built

MEMBERS OF the 1988-89 Diboll Board of Trustees were Beauford Chapman, Jay Wyatt, Linda Syler, Jack Beene, James Rhone and Jack Jenkins. Jan Wilkerson was on the Board but was not pictured.

The Board of Trustees of the Diboll Independent School District spent much of their time during 1988-89 working out details for constructing the new Diboll High School and moving two of the other schools to new addresses.

Groundbreaking ceremonies for the new high school were held in July 1988, and there were some problems to work through as there are in any \$5 million construction project. But even though weather slowed Temple Associates down some during the winter, construction on the new school continued on time and without too many unforeseen difficulties. Completion date was set for August 1.

"Forever Young"

"May the good Lord be with you down every road you roam. And my sunshine and happiness surround you when you're far from home. And may you grow to be proud, dignified and true. And do unto others as you'd have done to you. Be courageous and be brave, and in my heart you'll always be forever young, forever young. " Rod Stewart

In industry, as in education, distinction lies not in what is common, but in what is unique.

Our policy as responsible land use managers has earned us a certain distinction in the forest products industry. As tree farmers, we at Temple-Inland are committed to innovating and improving our forestry practices. Genetically superior pine trees, grown at our seed orchards, produce millions of seeds harvested each year. Seedlings, planted in our 80-acre nursery, are re-planted throughout our 1.6 million acres of timberland. By regenerating our forests, we ensure a perpetual fiber supply for your building products and paper needs. It's our future.

Hats Off to the Class of '89

You've earned your diploma, and that's an accomplishment to be proud of. It's a great feeling to finish something you started long ago – especially when you consider how much there is to look forward to. Your only limit is your imagination. In honor of your graduation, we salute all the members of the Class of '89.

EXPECTATIONS

... we all have them, and sometimes things happen to change them.

But there are some expectations that never change — like the fun and comfort of a best friend, the satisfaction of a good test grade, or the chills a school song brings when sung across a lighted field.

At TU Electric, we realize you have expectations of us, too — like having the electrical power ready when you turn on your computer, put on some records or plug in the blow dryer. And when the power does go off, we know you expect it to be restored quickly.

And it will be. That's just part of our commitment to provide quality electric service to customers.

Seniors, Families amd Babies are our specialities!

Colophon -- Or this is how we produced our book

THE 1989 LUMBERJACK staff started out the year by voting for the theme of this year's yearbook, and they chose "Forever Young," which was the name of Rod Stewart's hit song of the same title. We wrote the company that produced his song and held the rights to it, and asked their permission to use the words. They wrote us and said that we could have permission if we paid a \$50 fee. We agreed and raised the money to pay the fee by selling last year's yearbook photos.

We chose a company-produced cover this year to hold publishing costs down. The total price of this year's book was around \$12,000, \$4,000 of which was raised by selling advertising space. The price of the book was \$17 or \$18 for one line of gold imprinting on the cover.

The yearbook was published by Josten's Publishing Company of Topeka, Kansas. All rights remain the property of the Diboll Independent School District, Diboll, Texas. Sue Perkins was the adviser.

The headline, copy and captions were all set in a typeface called Avante Garde.

We have added more photos this year, and typed most of our copy on our new Macintosh SE and printed it out on our Laserwriter II NT printer.
