IS THIS a ghost at work? Rebekka Nix takes a second for the photographer as she studies.

BEST FRIENDS Janie Flournoy and Carey Havard show their spirit by dressing up for the Halloween contest sponsored by the French Club.

IT'S A dirty job but somebody's got to do it. Who else is better qualified than RB Damien Mark?

ATTENTION FRONT and center... Gabriela Hernandez prepares the Lumberjack Band for a stellar performance during a football game.

A LARGE group of Diboll High School students show their wonderful Lumberjack spirit during a fall pep rally.

'92 was quite a year

Here is where the road divides;
Here is where we realize
The sculpting of the Father's great design.
Through time, you've been a friend to me.
But time is now the enemy.
I wish we didn't have to say good-bye.

-- From the words to the song that Shaune Martinez sang to the Senior Class during the last pep rally of the 1991 football season.

As the students and faculty closed another year at Diboll High School, the memories of this school year become even more important.

Over the years, we have laughed and cried; we have played and worked. But, through all the good and bad times, we have stuck together and remained friends.

As the years went by, many activities occurred. Some were good and some were bad, but through it all we were always optimistic that things would get better, and work out for the best. And they usually did. Take for instance the football season. It didn't start out too great but with a confidence and faith in ourselves, we became tri-district champions. The Aca-

demec Decathlon team again made it to state competition.

Even though we weren't successful in every endeavor we attempted, we stuck together and made it through the hard times.

As we started into the real world we came to roads that separated us from our life-long friends. But with our warm memories of DHS, we had good times to look back on as we started to make our own way.

But true friends are friends forever, and our paths will cross again. Even though we hated to leave DHS, it was inevitable that this time had to come. Time finally came to start down a new road toward another life.

— By Cassandra McClendon

EVEN THOUGH Bobby and Nadine Jones aren't identical, they share one of the same hobbies, basketball.

A black and white photograph of two young women standing side-by-side in an indoor setting, possibly a hallway or a room with a large window or glass door in the background. The woman on the left has long, wavy hair and is wearing a short-sleeved shirt with horizontal stripes and light-colored shorts. She is also wearing white socks and sneakers. The woman on the right has short, dark hair and is wearing a dark, short-sleeved shirt and light-colored shorts. She is also wearing white socks and dark shoes. Both women are smiling at the camera.

Being a twin has both its advantages and disadvantages though most of the twins at DHS agree that the good points far out weigh the bad.

Nadine Jones agreed. "I enjoy having a twin. He (Bobby) is a really fun person and keeps the family rolling with laughter," she said.

Being twin born can sometimes be humorous as pointed out by Darla and Nadine. "I enjoy teasing Bobby about being younger than me, even if it's only by three minutes," Nadine said.

Although twins may look alike, they usually are unlike in character. One twin may be the shy kid, while the other one is the out-going class clown.

Having a twin may also be a disappointment during the holidays or on birthdays when you have to accept a less expensive gift, like it or not.

But Diboll's twins know how to make the BEST of an awkward position.

When you are a twin, birthdays and holidays may bring disappointments. But when you have another person around to keep you laughing, to talk to, and go places with, those are also the good times.

Some people often wonder why Bobby and Nadine don't look alike that's because they are fraternal twins. "I wouldn't have known they were twins if someone hadn't told me," Senior Miriam Reppond said.

Although some twin relationships may be filled with conflict, some are not.

—By Paytria Thompson

IRMA AND Lucy Aguilar seem to brighten everyone's day with their smiles and laughter. "They have different personalities but their sense of humor is the same," Ms. Sue Perkins said. They are on the yearbook staff.

THEY DON'T dress alike but they certainly do look alike, even to their teachers. Darla Ford is on the left and Darci is on the right.

BOBBY AND Nadine Jones have been leaning on each other since birth. The twins are very close.

HAVE A Coke and two smiles.... Darla (left) and Darci Ford are all smiles while buying a soft drink during lunch. The twins are usually seen together cheerleading, walking in the halls at school and spending time with their friends.

MOST PEOPLE at DHS are unaware that there are three pairs of twins on campus. Darci Ford, Nadine Jones, Darla Ford, Lucy Aguilar, Bobby Jones and Irma Aguilar are proud of their distinguishing characteristic.

WHY ME? Randy Havard, Susan Kilgore and Letisia Sarmiento get pulled over by Diboll police officer Kent Havard on the way to school. Slow down, Randy, the speed limit is 30 MPH.

WHAT A present! This Diboll student may inherit the family car for his 18th birthday.

It's a bummer for guys when....

- ... the car you get for your 16th birthday is the old, beat up family station wagon.
- ... you are trying to impress a girl and your car dies at the red light.
- ... you get a speeding ticket on Timberland Drive or in front of the school.
- ... you start to pay for something and open your wallet and realize you don't have any money.
- ... you go to pick up your girlfriend for a date and she asked "Were we supposed to be going out tonight?"
- ... a group of cute girls go in the bathroom giggling and pointing at you.
- ...you're late for class and when you walk in everyone starts staring and you look down and your fly is unzipped.
- ...you take a date to a PG-13 movie and they ask for your ID.
- ...you have plans with your "best buddies" and your parents make you go to your grannies for dinner.
- ...you are at your girlfriend's house trying to impress her parents and you spill your drink on their tablecloth.
- ...your parents really make a big scene by griping you out in front of all your friends.

SUSAN KILGORE lets Victor Hunt borrow her economics homework. Helping each other out with homework seems to be a popular way of getting to know one another at DHS.

ARE YOU absolutely positive? Sheba Smiley appears to be in shock after CeCe Menefield adjusts the weight scale.

It's a bummer for girls when....

- ...the guy you really like falls in love with your best friend.
- ...your best friend starts rumors about you.
- ... you're talking about someone in the lunch line and you find out the person is standing right behind you.
- ...the guy of your dreams finally talks to you only to ask for last night's homework.
- ...you sit down in a chair with bubble gum in it and you get it all over your new jeans.
- ...your date falls asleep at the movies and starts to snore.
- ...it is just two hours until prom, and you put your dress on and discover that it doesn't fit anymore.
- ...you go out to eat with a guy and you see your true love out with another girl.
- ...you are getting ready to take school pictures and your face breaks out.
- ...you turn down offers to the prom hoping that Mr. Right will ask you and in the end you have no date.
- ...you get a phone call from a guy at school and your older brother asks him all kinds of questions.

How embarrassing ...

The yearbook staff tried its best to find out the "most embarrassing moments" from the students at DHS. The staff could only choose a few incidents, so this is what they came up with.

TALK ABOUT BEARING ESSENTIALS... These next few people grinned as they were bearing it. Or rather should it be "bearing it as they grinned!"

SHIRTLESS... "It was routine to go in the dressing room and dress out for PE, when one day I took off my shirt while Coach (Ken) Lightfoot and Coach Pace were still in there!" Coach Lightfoot kindly asked, "Wouldn't you mind waiting until we leave?"

— *Tami Brasher, 12th*

SHORTLESS... "My brother, cousin and I were out in the back yard jumping on a spring board. My cousin jumped on it to bounce me up and my brother held my shorts without me in them.

"When I went up, my shorts stayed down."

— *Robert Lewis, 12th*

OOPS... "Carey and I were at Lake Tejas and I dived off of the diving board and the top of my bathing suit came off in the water. When I came back up, I had put it on inside-out. There were some guys on the diving board and I thought they were going to fall off laughing. Needless to say, we didn't wear two-pieces and dive again."

— *Janie Flournoy, 11th*

BY MISTAKE... "I was riding my bike down the street and a dog was chasing me. I pedaled hard and fast and by mistake, I put the front brakes on and flipped my bicycle forward and

fell in the ditch. Then what I thought was a vicious dog, was merely a friendly pup. As I lay there on the ground, the dog came up and licked me on the cheek."

— *Sergio Jasso, 12th*

THE BIG FALL... "My brother and I are always competing.

"My brother kicked over my head, and I told him I could kick over his head. As I kicked over his head, my other leg slipped, my skirt flew up and I fell.

AHHH! TAMI BRASHER expresses the way she felt the day of her most embarrassing moment.

Everyone that was going in and out of the mall was laughing."

— *Netta Bean, 10th*

JANIE FLOURNOY shows what she was wearing - or rather what she wasn't wearing - the day of her most embarrassing moment.

OOPS! I think I've lost something, says Senior Robert Lewis.

life's worst moments

GETTING DOWN WITH THE MUSIC... "My most embarrassing moment was when I was at my cousin's wedding. We have this tradition at Mexican weddings where you do a dance like the London Bridge. The bride stands on a chair and the groom stands on another chair at a distance behind her and holds her veil. Then all the bridesmaids and friends form a line and hold hands. When the music starts, the first person in line leads everyone else under the veil, around the bride, then around the groom and under the veil again.

The girls started running, and I was at the end. For some reason, my cousin let go of my hand, and I flew across the room like Superwoman, on my stomach, and hit my head on a table. I could have died of embarrassment.

— *Nancy Garcia, 12th*

B1 BOMBER... "One of my most embarrassing moments was when I was at the Lufkin bowling alley. My friends and I were bowling. It was finally my turn, and I stepped up to the lane with the ball in my hands, ready to bowl.

"All of a sudden, I threw the ball and went tumbling down the lane with the ball still in my hand. There I was lying in the middle of the lane laughing so hard, but in so much pain, both physically and emotionally. I couldn't get up.

"At the same time, I looked down to see that the ball was still in my hand. Then at last, the ball fell off my hand and went bouncing down the lane.

"My friends were laughing at me as I got up and wouldn't be quiet! Ever since then, everyone that was with me, calls me 'B1 Bomber'."

— *Paytria Thompson, 12th*

- By *Sharon Bryce*

SENIOR NANCY Garcia says, "I'm not your Superwoman!"

"OH WELL, I guess not everyone is cut out for bowling," says Senior Paytria Thompson.

HERE KITTY, Kitty.... Come to "Granny." Coach Carol Drake rubs her cat, Kee-Kee, on its stomach. What an unusual name for an extraordinary cat.

MRS. TEDDIE Bowen's singing Chihuahua, Prissy, performs before a sold out crowd, but like many famous performers, she feels like she must dress for the occasion.

MRS. GARVIS Baldree and her dog, Rex, may soon have to visit the dentist because of his cavities. He can hold a sucker between his paws and eat it.

MRS. KAREN Washington makes goo-goo eyes at her dogs, Caldwell and Simme. Caldwell is the beagle and Simme is the Australian blue heeler.

Teachers' pets

Many teachers at Diboll High School own some sort of pet and some of these pets were ceretainly more interesting than others.

Everyone can own a pet but not everyone owns a pet that can wave, moo, sing, talk or give a hug.

So this year the yearbook staff decided to do a feature about them. To show that teachers at DHS don't have dull lives, teachers were asked if they had any pets and if the animals did anything unique.

Then we picked the pets that were most interesting and took a picture of them and their owners.

AG TEACHER , Mr. Robert Washington, takes care of his Simmental cattle, Christy and Misty, in his pasture. Don't ask which cow is which, though, because he may not know for sure.

The Clock Strikes Midnight...

The parent trap

Better hurry! Better get home! It's 1:30 a.m.! One of the best things about going out is to see how far you can push your parents with your curfew and trying to set new speed records while still getting home later than you should.

It's 1:30 a.m. You were supposed to be home at midnight. But what are you going to tell your parents?

Having a curfew is a problem many students face every weekend and the problem doesn't seem to go away until you get married or go away to college. Some people deal with it better than others.

Take for instance, Senior Brenda Sarmiento told her mom that she had car trouble and she believed her....well, most of the time.

On the other hand, this excuse wouldn't work every time because

parents would want to know "why didn't you call me, you did have a quarter--- didn't you?"

On other occasions, students told their parents that you lost your car in the mall parking lot or that a terrorist was holding your car for ransom.

Of course, at 1:30 a.m., they're obviously not going to find this amusing.

Yes, a curfew seems unfair. After all, you almost grown and you can certainly take care of yourself.

Many students have a different way of looking at curfews. A curfew can be a way of gaining your parents trust, that is, if you come home on time, don't get into any trouble and don't complain about having a curfew.

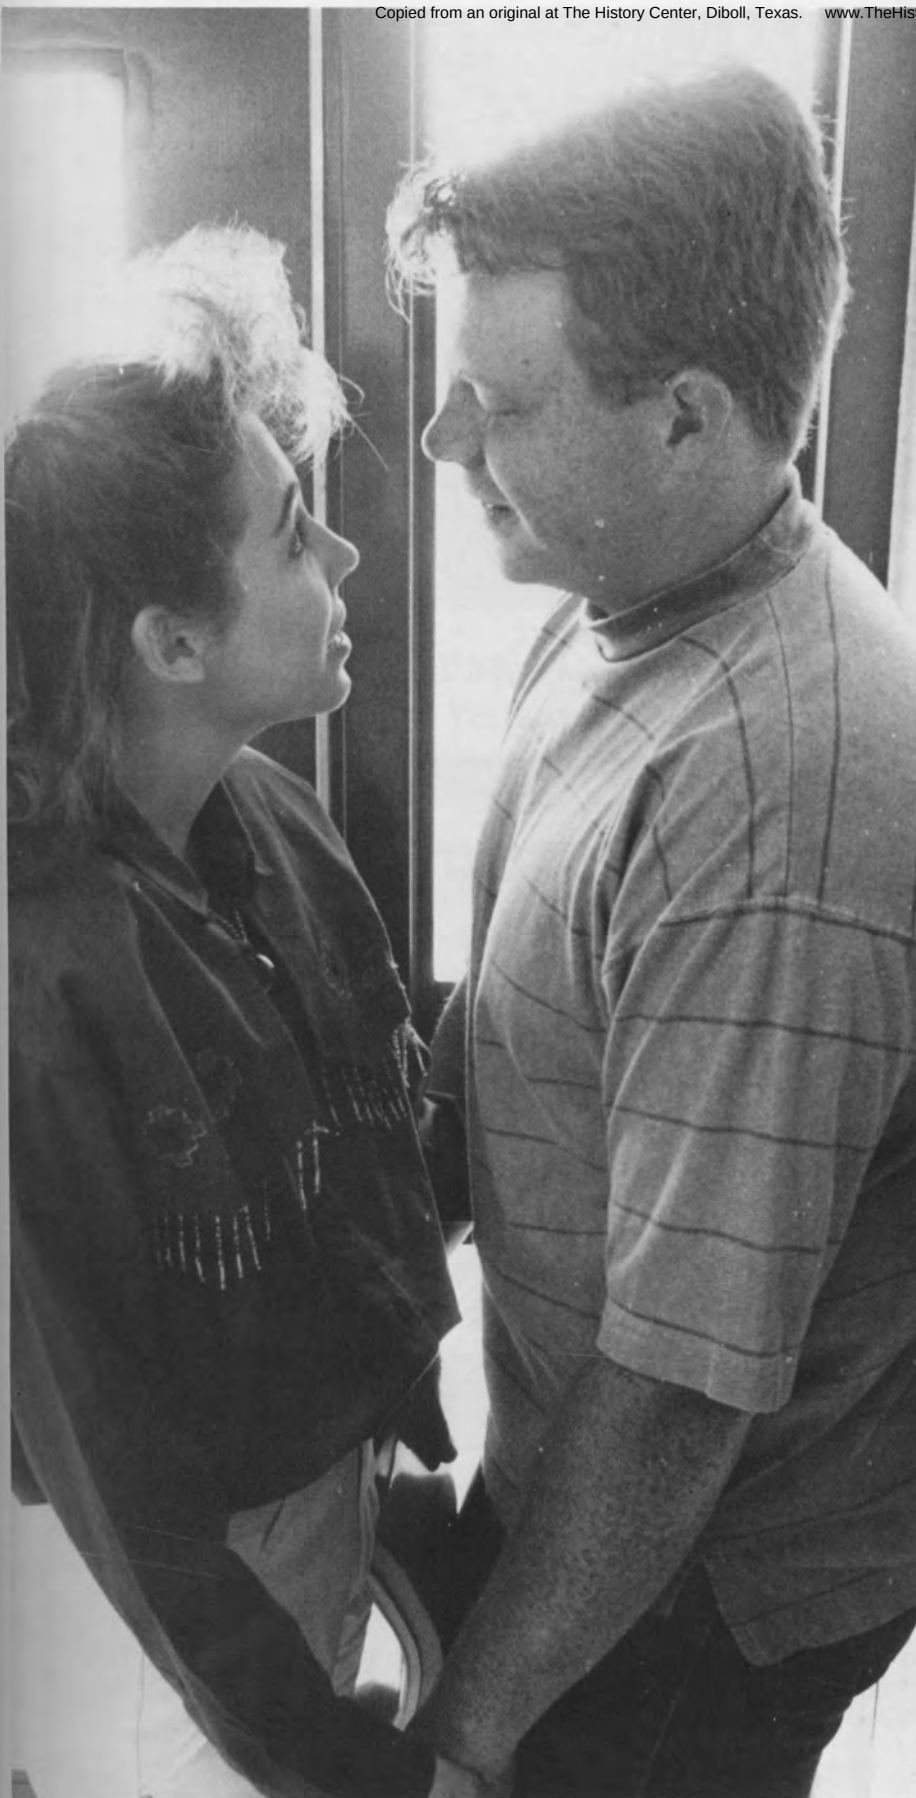

-- By Paytria Thompson and Dianne Frankens

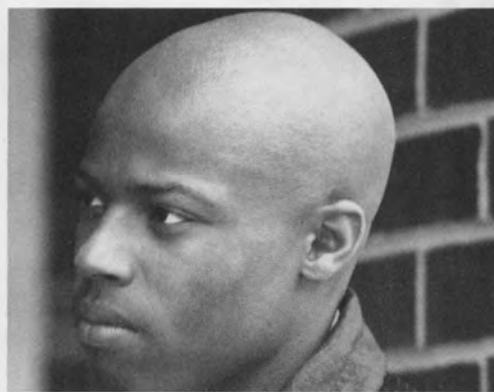

THERESA SOSA is beginning to think that all of this curfew stuff is MICKEY MOUSE, just like her watch says.

BUT MOM please... Cheryl Walls tries to convince her mom to let her stay out just one hour longer. Calling home is a good way to win your parents favor.

BONNIE WILLIAMS and Randy Havard say their good-byes before going home for the day.

HOW ABOUT some Pennzoil. Jorge Serratos seems to be having a little car trouble and can't meet his curfew.

ROBERT LEWIS displays such a serious face while thinking about the consequences of getting home late.

What's new in '92?

Is it a twilight zone?

The time is 1992, and the place is Diboll High School, and it is the twilight zone.

It's a prime time for tuning in to the latest favorites — from soft drinks, to cars, to music. What may not be so cool tomorrow sure is "hip" today.

The results of our survey shows opinions of students at DHS, and how they feel about what's going on in the world of trends today.

Seniors 1992

With 129 seniors enrolled in the 1992 graduating class in August at Diboll High School, it was the largest number of potential graduates to finish in one year at DHS.

It was also the last class to ever attend the old Diboll High School (the one that is now Diboll Junior High School).

This class of seniors said that they often preferred attending

the old school because of the open campus ("we could leave to go to Sonic, Church's, Dairy Queen or Texas Burger for lunch"), the six class periods (and not seven) and they really liked the 15-minute soft drink breaks in the mornings between second and third periods.

The patio and the picnic tables were always the best

places to hang out, and the greenhouse in the cafeteria felt like we were eating in an outdoor restaurant. Windows in the old school always made us feel like we were outside.

The pep rallies seemed to be better there, too, and somehow, looking back, it seemed like that we just had more fun.

Guess those were just what we call the good ole' days.

Nothing But The Best Sports

Winners ... all

This school year was proof to non-believers that Diboll sports are "alive and kickin'."

It was a year of highs and lows, of reached goals and a few shortfalls. But in the end, it was a winning year that will never be forgotten.

The football season saw Diboll fly to a 4-1 district record, 5-6 overall. This brought them a district title and a shot at bi-district, but they fell to the Rattlers of Navasota en route.

The basketball season was one of learning and rebuilding for the boys' and girls' teams.

Under the leadership of new head coaches Mike Williams and JoAnn Stephens, a positive effort was begun to restore the legacy of championship basketball at Diboll High.

Spring sports saw many headliners. Senior Bud Still won the 3A state championship in golf. Sophomore Shelly Castillo won seventh in state in her event. For the guys, senior hurdler Byron Coleman left something for the underclassmen to work toward - four regional appearances.

In tennis, Senior Jaime

Donjuan took the lead once again with a district championship but was defeated in the second round at regionals. Junior powerlifter Ricardo Morales just gets better each year as he captured the spotlight once again by placing fourth in the state powerlifting contest. He also set a new state record with a deadlift of 585 pounds.

It didn't matter how great or how small the test. At Diboll, expectations are high and all the sports teams deliver ... "nothing but the best."

KERRY WOODS (#40) runs like he's never run before making a huge gain against Livingston. T.C. Thompson (#61) runs interference for Kerry.

JOSH PARKS (#22) collects his thoughts and adjusts his helmet during a break from Lumberjack football action.

JOSEPH PHIPPS (#32) and Charles Moses (#8), both sophomores, take on a San Augustine running back to help the Lumberjacks to a 52-14 embarrassment of the Wolves.

LINEBACKER JEMARK Mallory (#45) waits his turn to get back on the field to play defense. He holds the school's all-time record of 120 tackles in a season. Way to go, Jemark!

The Diboll Lumberjacks turned a 1-4 non-district record into 5-5 record, and earned a district tri-championship with Woodville and Center. With its three-way tie for first, Diboll earned a place in the 3-A playoffs at Sam Houston State University. Diboll took a disappointing 63-6 loss to Navasota in bi-district action.

As Diboll turned the football season around, the 'Jacks showed improvement in almost every position over last year. Diboll ended up with 1,934 yards rushing

and also had their first 1,000 yard rusher since Joel Gordon and Pete Hunt did it in 1987.

S o p h o m o r e Damien Mark ran for 1,024 yards and a 10.7 yards per carry average along with nine touchdowns. Gabriel McGaughey ran for 390 yards and eight touchdowns. Kerry Woods made 269 yards and two TDs, while Byron Coleman ran for 214 yards and two touchdowns.

Diboll had 1,222 yards passing No. 1 QB Royce Adkison passed for 1,002 yards and Omar Flores

threw for 220.

Scotty Rayborn had the hot hand this year as he caught 31 passes for 531 yards and eight touchdowns. Mark caught eight passes for 96 yards, Scott Milligan caught seven passes for 74 yards, Coleman caught six passes for 150 yards, Chris Wells caught five passes for 79 yards and one touchdown and Woods caught five for 63 and two touchdowns.

Special teams made the biggest contributions as Josh Parks blocked a total of six punts, and Milligan held on with an all-district average of 30.9 yards per kick.

D e f e n s i v e l y Rayborn had four interceptions along with 71 tackles. Jemark Mallory lead a solid defense with 120 tackles and 66 solos. Jose' Hernandez and Shane Squyres made their mark with 100 tackles each. Both Parks and Adkison had 75 tackles.

The season had many positive notes as Diboll showed it wasn't over until the fat lady sang.

The fat lady sang this year for the Lumberjacks.

And the season gave the Jacks some solid goals from which to build for next year.

GABRIEL MCGAUGHEY (#3) takes a hand off from quarterback Royce Adkison (#11) as he tries to run through a nice hole made by the 'Jacks offensive line.

T.C. THOMPSON (#61) zeros in for the kill against the Woodville Eagles QB. Diboll won 38-7.

DAMIEN MARK (#20) turns the corner for a big gain as he leaves a Center Roughrider player behind.

SENIOR CHRIS WELLS (#21) comes off the field for a break in action in a Lumberjack football game.

GABRIEL McGAUGHEY is awarded a football by Head Coach Russell Roberts for his 269-yard effort against the Huntington Red Devils during the last game of '90.

Even under the leadership of senior guard and all-district player, Anthony Turner, the 'Jacks failed to hit the .500 win mark this season. With a sub-par record of 13-15, the varsity can only hope to rebuild and prepare for the 1992-'93 season.

After early season losses to Hardin-Jefferson, Hearne and Centerville, the 'Jacks found it difficult to get back on track before district play started.

With an opening win against Central in district play, the 'Jacks made a trip to Hudson only to be notified before the game that they had played an ineligible player. The team had to forfeit the Central win, and found themselves at the bottom of the district race. After other losses to Center, Hudson, San Augustine and Woodville, the 'Jacks found themselves completely out of the district race.

First year Coach Mike Williams started his quest for a better basketball season next year as he moved two sophomores up to the starting line up. They filled the positions well, as both Joseph Phipps and Charles Moses earned honorable-mention all-district.

Also taking honors was honorable-mention all-district Asaka Hubbard and second team all-district, Dushon Goff.

MEMBERS OF the boys' varsity basketball team are (kneeling) Coach Mike Williams, (standing, l-r) Mark Vasquez, Royce Adkison, Joseph Phipps, Demetrius Cunningham, Chris Roberts, Anthony Turner, Asaka Hubbard, Byron Coleman, Eduardo Villagrana, Charles Moses, Dushon Goff, Bobby Jones and Artha Griffin.

DUSHON GOFF (#34) sneaks in a two pointer as the San Augustine Wolves walk down the court.

JOSEPH PHIPPS (#14) skies up against the San Augustine Wolves.

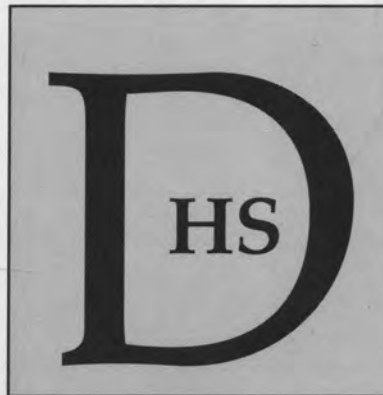

JOSEPH "RON" Phipps (#14) leaps a good two feet off the ground to get Diboll off to a good start in the game against San Augustine.

GOACH PHILLIP Jowell uses a time out as he calls the troops off the court to discuss the next play.

Young team

Inexperience "big factor"

Head Coach Mike Williams said that this young team only means that there will be many returning starters next year.

TORYA STARGHILL, Tami Brasher, Martha Olivares and Isela Olivares are seniors on the basketball team. Here they receive certificates during ceremonies at the San Augustine game.

PATRICIA "FAY" Thomas jumps high to grab a basket as her teammate, Martha Olivares, waits for a possible rebound.

VARSITY PLAYER, Tami Brasher, goes up against a Woodville Eagle to get a Ladyjack rebound.

TAMI BRASHER gets down on the ground, fighting to steal the ball.

LATOYA LAMB gets a rebound and holds on to the ball as a Woodville player tries desperately to take it.

Throughout the season, the girls basketball team showed much future potential and dedication.

As for showing potential, freshman Patricia "Fay" Thomas, who played on the varsity basketball team, made 243 points during the season. She was the high point Ladyjack scorer for the 1992 season.

Briza Mancha, also a freshman, played on the JV team and proved herself as a good player for next year.

Coach JoAnn Stephens said that since it was her first year and she hadn't seen the Ladyjacks play before, she didn't know what to expect.

"They all made a major contribution to the dedicated season. Since there was a year's advancement of fundamentals for the Ladyjacks, they showed great improvement and should show even more next year. The girls played well together as a team," Stephens said.

MEMBERS OF the girls' junior varsity team members include (front, l-r) Brenda Torres, Edna Quiroz, LaFonda Lee and Eva Izaguirre; (middle) Emily Sloan, Donna Brown, Sonja Reyes, Veronica Sarmiento; (back) Coach JoAnn Stephens, Shelly Castillo, LaToya Lamb, Briza Mancha, Martha Robles and Coach Shane Holman.

After winning his fourth consecutive district championship, Bud Still lead his team to regionals and went on to win medalist honors at regionals and the state 3A crown.

This was Still's third consecutive trip to state. Most people figured it was his turn to win it, and it was.

Bud went through the competition with no problems, except Texas' spring weather. Still won the 3A division by 12 strokes and beat the first place person in 5A by seven strokes. Still missed the course record, held by golf great Ben Crenshaw, by only one stroke.

Still signed a scholarship to attend the University of Arkansas. He was the backbone of the boys golf team, which consisted of Trey Ingram, Brad Hampton, Chris Wells and Byron Coleman, win a district championship.

Ingram was second at district and fifth at the regional tournament after holding the lead at one point in the tournament.

JonAnna Bradford also qualified for the regional golf tournament after finishing third at the district meet.

Volleyball team shows sportsmanship

Year's best showing comes in Trinity tournament

Even though the Ladyjacks had a disappointing season, they still showed excellent sportsmanship. The team started preparing for their tough season on August 12 with a small freshman team and with enthusiastic JV and varsity teams.

Midway through the season, Head Coach Carol Drake combined the varsity, junior varsity and freshman teams into one. They played 16 games and three tournaments with their best showing at the Trinity tournament.

Coach Drake said she would like to wish the best of luck to the 1992 seniors and wanted to thank them for being a positive influence, not only to the coaches but to their teammates and other teams in the district.

The other coach for the volleyball season was Coach JoAnn Stephens. This was her first year to coach at Diboll High School.

MEMBERS OF the Lumberjack Varsity baseball team are (front row, l-r) Orlando Ordaz, Jeff Brooks, Shaune Martinez, Randy Havard, Bobby Lee, Byron Coleman, Omar Flores and Modesto Mendoza. Standing in the rear are (l-r) Head Baseball Coach Jeff Stifle, Chris Wells, Wiley Quarles, Royce Adkison, Scotty Rayborn, Scott Milligan, Jimmy Nash and Coach Mark Kettering.

The '92 season ended on a good note with a 10 run rule game over Center.

The 'Jacks finished the season with an 8-6 district record, and the overall record was 11-10.

Omar Flores was the team's batting leader, hitting .400 for the season. He had 24 hits, also the team's record for the season.

Scotty Rayborn had the most home runs with seven.

Scotty was also the leading pitcher for the year, leading the team with a 6-4 season before getting hurt.

He was voted the MVP of the baseball team for the year, and received a scholarship to play baseball at a college in Mississippi.

During the season, the 'Jacks played really good baseball, and then sometimes the breaks didn't go the team's way.

Overall, though, it was a good season, but it did not measure up to what the Jack's wanted to accomplish.

JV BASEBALL team members are (front row, l-r) Jeff Taylor and Eugene Sandoval; (middle row) Billy Leverett, Omar Quiroz, Daniel Blanton, Jesse Wallace, Rene Vela, Robert Garcia, Marco Perez, Wes Tobias and Coach Terry Johnson; (back row) Trey Grandgeorge, Adam Rios, Brad Hampton, Kyle Lewis, Scott Treadway, Allen Farley, Angel Reyes and Rodney Cheshire.

Full speed ahead

The Diboll girls' track team missed the district runner-up spot by two points in the district track meet held in Corrigan on April 14 and 16.

First places went to Shelly Castillo in the 800m, 1600m and the mile relay which consisted of Castillo, Emily Sloan, Gwen Forney and Shalonda Miller.

Sloan held a steady second place after the first leg and so did Forney. After some serious problems, Miller took off, catching the pack and again moving into second. Castillo took the baton and was passed by two other teams with 100 meters to go. But with a quick burst of speed, Castillo flew past the pack with about 25 meters to go, helping her team take the gold.

The other first place went to Freshman Patricia "Fay" Thomas in the discus.

Second place finishers were Gwen Forney in the 100m and 200m and Emily Sloan in the 400m.

All of these girls qualified for regionals in Brenham. At the regional track meet, Castillo finished second in the mile run qualifying her for the state track meet.

At the state meet, Castillo finished seventh.

GWEN FORNEY has a good take off from the blocks, good enough to finish second in the 100m dash and get the chance to go to regionals in Brenham.

Nothing But The Best Honors

Mr. and Miss DHS

Mr. and Miss DHS this year were Shaune Martinez and Virginia Rodriguez.

Students at Diboll High School were outstanding in academics this year. The Academic Decathlon went to a state competition in Waco. With a score of 31,000 points, the ACADEC came in

122 graduates break old record at DHS

Graduation came for 122 Diboll High School seniors. This was the largest graduating class ever in the history of DHS.

Commencement ceremonies were held at 8 p.m. on May 29 in the DHS' gymnasium. Delivering commencement remarks to the 1992 seniors was Betty English high school English teacher and author.

The 1992 seniors walked across the floor of the gymnasium to receive their diplomas.

Wearing red or white gowns, these seniors took their final walk feeling proud of what they have accomplished and a little scared about what road their lives take.

Many seniors were sad because they left their friends, and since most of them were together since kindergarten, it was really "hard to say goodbye."

As the seniors went their separate ways, some went to college, some went straight to work and others joined the military.

As seniors looked into the crowd they saw their families sitting there, and moms were crying because they were about to lose their "babies" to adulthood.

It was called growing up.

KYSSED

The student involvement in Diboll High School's extracurricular activities were exceptional this year.

The KYSSSED program had its highest activity level this year. The group consisted of more than 60 percent of the student body at DHS. KYSSSED held numerous events such as the Drug Free Week both semesters, the KYSSSED dance, two end-of-year picnics and the KYSSSED lock-in held at the Lufkin Mall.

Theater Arts students performed 12 one-act plays, and took the play "Limbo" to UIL district competition, where it advanced to district finals and received many cast awards.

FFA members made numerous livestock sales during the 1992 Livestock Show. There were 75 FFA members, and two teams advanced to area in leadership contests, and four teams advanced to state in the judging contests. They took first place in the welding contest, and two students received college scholarships in agriculture.

A new club that started this year was TAFE, (Texas Association of Future Educators). Club sponsor, Mrs. Teena Kellam, helped them start a school supply store at DHS. They also tutored several students on other campuses.

There were 17 members who have helped bring about a successful new club.

Student Council had high involvement again this year. The Blood Drive and the Homecoming presentation were just a few of their accomplishments.

The Art Club was full of talent this year. They held an art show at the end of the school year to show off these people.

French Club took many trips this year. They saw French plays and ate at a French restaurant in Houston. They also held a teachers' breakfast in the fall.

Whether it was NHS or FCA, the clubs are filled with fine DHS students who care.

Lumberjack Band sends six to state competitions

This year the Lumberjack Band more than doubled the number of students going to state competition. The students who went to state competition were Kim Baker, Katrin Wolf, Matteo Gallini, Tarah McGaughey, Gabriela Hernandez and Sheryl Rogers.

Tarah was unusual in that she played two instruments at state competition, the flute and piccolo.

Katrin and Matteo were the two foreign exchange students at Diboll High School this year.

In order to qualify for state, students must qualify for first division in a Class I solo or ensemble. The tryouts were held at Stephen F. Austin State University on February 21. The state competition was held in Austin the weekend after school was out.

The students were accompanied by Band Director Dan English and Assistant Band Director Jimmy Battle.

With nearly 400 members in the drug-free program, the Diboll KYSSSED group was able to lead the county in membership, activities and commitment. The club also had the support of the school district, the town and most importantly, the student's parents.

The year was started off with county-wide dance held at the Diboll Civic Center.

During the week of October 19-26, which was designated as Red Ribbon Week, many activities were held at school to show that students don't have to get hooked on drugs to have a good time.

out "The Ax" is what the newspaper staff knows how to do ...

BEST

This year's AX staff worked hard at writing news stories and selling advertising for the entire year.

They also continued to work with the MacIntosh SE computers and learn about desktop publishing.

This AX staff was headed by Cassandra McClendon and Elvis Torres, the co-editors. Both Cassandra and Elvis have been on the AX staff for two years. Elvis was also a staff photographer during his sophomore year.

Bibiana Hernandez served as the assistant editor in the spring and Jesse Upchurch and Roger Rhoads joined the staff as sports assistant and reporter, respectively, at the beginning of the second semester.

The remainder of the AX staff consisted of Joey Smith, editorial page editor and business manager; Christi Allbritton, reporter and newspaper exchange manager; Robert Gonzales, reporter; and Eric Minyard, reporter.

THE AX

ELVIS TORRES and Bibiana Hernandez sell advertising space for "THE AX" to Mr. Richard Albrecht, owner of Dick's Pharmacy. Mr. Albrecht supports "THE AX" by purchasing ads in each issue.

CASSANDRA MCCLENDON, Roger Rhodes and Eric Minyard work hard at putting together another issue of "THE AX." Here they are taping pages together.

JESSE UPCHURCH interviews Mrs. Karen Washington for an AX story.

THE AX staff works vigorously on their stories for the next newspaper at Diboll High School.

THE AX staff (front row, l-r) are Christi Allbritton, Bibiana Hernandez, Byron Coleman; (back row) Elvis Torres, Jesse Upchurch, Robert Gonzales, Eric Minyard, Cassandra McClendon and Joey Smith. Adviser is Ms. Sue Perkins (not pictured).

FIRST PERIOD Lumberjack year-book staff members are (front, l-r) Miriam Reppond, Paytria Thompson, Susan Kilgore, Cassandra McClendon, Darla Ford, Kim Fenley, Norma Salaiz, Theresa Sosa, Letisia Sarmiento; (standing) Victor Hunt, Sheba Smiley, Reggie Bean, Cecilia Menefield and Byron Coleman.

SECOND PERIOD Lumberjack yearbook staffers are (front, l-r) Stephnie Carnley, Scott Hawkins, Nancy Alvarez, PJ Bacon, Robin Barger, Shelia Hall, Nikki Capps; (back row) Sharon Bryce, Randy Guerrero, LeaAnn Hendrick, Nidia Castro, Jose Hernandez and Sean Hendrick.

SHEBA SMILEY concentrates on her computer page layout while CeCe Menefield helps out.

FIFTH PERIOD Lumberjack year-book staff members are (front, l-r) Lucy Aguilar, Irma Reyes and Irma Aguilar; (back row) Eddie Villagrana, Dianne Frankens, Ronda Kennedy and Lori Loya.

ROBIN BARGER is hard at work on clubs in her yearbook class.

DIANNE FRANKENS, Irma Reyes, Irma Aguilar, Eddie Villagrana, Lori Loya, Lucy Aguilar and Ronda Kennedy all have the same question, "Can you help me?"

VICTOR HUNT makes sure his teacher isn't watching before snapping the picture of a pretty substitute teacher.

SCOTT HAWKINS helps out Nancy Alvarez and Nidia Castro as they work on the MacIntosh computer.

Yearbook goes beyond ordinary

This year's Lumberjack staff worked long and hard to complete an almost perfect yearbook. They hoped you could tell they did a great job. At the first of the year, the staff sold ads that totaled \$5,300 to businesses in Diboll and the surrounding communities.

The staff had a long year, but not all of it was work. "We do get a little crazy and clown around sometimes," said Kim Fenley, a member of the first period yearbook staff. "There are also days when we had to press time to make our deadlines."

Working on the yearbook was a good experience. Learning to use computers and choosing pictures are only a few fun jobs in this class. However, it does take a lot of time and corrections to make your pages turn out the way you want. Having a good imagination helps a great deal in the construction of the yearbook.

Nothing But The Best
Advertising

Learning to sell

Several local businesses helped the yearbook staff produce the 1992 yearbook. By purchasing advertising spaces in the yearbook, students sold ads to raise funds to support paying for the book.

The staff worked the entire first six weeks selling ads in order to have money to make a

yearbook. Everyone worked hard to make many visits and phone calls to the Diboll and Lufkin merchants. Grades were determined by how many ads each student sold.

The yearbook staff raised over \$5,000 by selling these ads.

The students enjoyed selling ads. Through this activity,

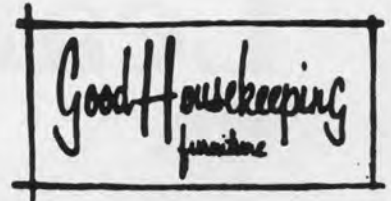

they could get out of the classroom and deal with people in business situations.

As a result of hard work and dedication, the 1992 yearbook was able to be published by the funds that were raised by selling ads and yearbooks. This allowed us to give you "Nothing But The Best" yearbook.

THE GREEN GUARANTEE: IT ASSURES TEXAS OF FORESTS FOREVER.

Eighty years ago, they were saying Texas would run out of trees because of demands on our forests.

But today, with nearly 12 million acres of productive commercial forests, Texas is one of the leading producers of forest products. Some 60,000 men and women owe their jobs to our forests.

Now through The Texas Green Guarantee, future Texans are being assured of ample trees and forests for recyclable products, recreation, wildlife, clean air and water, and more.

Forestland owners, large and small, are committing themselves to replanting their lands after trees have been harvested. In 1990 alone, more than 100 million new trees were planted.

We're proud to be part of the Texas Green Guarantee, and if you would like to know more about this unique program that assures Texas of forests forever, call us or the Texas Forestry Association at 409/632-TREE.

Expectations

... we all have them, and sometimes things happen to change them.

But there are some expectations that never change -

like the fun and comfort of a best friend, the satisfaction of a good test grade,
or the chills a school song brings when sung across a lighted field.

At TU Electric, we realize you have expectations of us, too -

like having the electrical power ready when you turn on your computer,
put on some records or plug in the blow dryer.

And when the power does go off, we know you expect it to be restored quickly.

And it will be. That's just part of our commitment to provide quality electric
service to customers.

Dedication

We'll miss you, Mrs. Baldree

A RETIREMENT party was held for Mrs. Garvis Baldree on May 29, 1992. Some of those present for her party were (back, l-r) Assistant Principal James Porter, Mrs. Cindy Maddox; her daughter, Kim Smith; her daughter-in-law, Rita Baldree; Mrs. Baldree; her husband, Gay Baldree; her son, Doug Baldree; Principal Bobby Baker; former DHS Principal Bill Greer and Bettye Greer. The grandchildren in the foreground are (l-r) Marci Smith, B.J. and Megan Baldree.

After 24 years as a teacher in the Diboll Independent School District, Home Economics teacher, Mrs. Garvis Baldree, decided to retire from the classroom and "take it easy."

Since she has been at Diboll High School, Mrs. Baldree has been the home economics teacher, the HECE teacher, she sponsored the yearbook for several years, and for many years was junior Class sponsor, chiefly in charge of making the arrangements for the Junior-Senior Banquet.

Many of her friends and family gathered on the

last day of school in DHS's Media Center for a party held in Mrs. Baldree's honor.

After her retirement, she said she was going to Las Vegas and have some fun for a few days, and then go on to Salt Lake City, Utah where she plans to pursue some of her genealogy interests.

DHS won't be the same without you, Mrs. Baldree. You were always friendly and professional, had a smile for everyone, and were honest with all of those who knew you.

Don't forget us, and come back to visit in the fall!

Colophon- or this is how we produced this year's book

The 1992 Lumberjack Staff started out the year by having the student body vote on this year's yearbook theme and they chose "Nothing But the Best."

The yearbook staff experienced growth this year with two extra classes added. The staff totaled 34 people.

The cover this year was designed by Eddie Villagrana and Ms. Sue Perkins' fifth period year book class. This is the year of the Olympics

The total price of this year's book contract was around \$9,500, \$5,300 of which was gained by selling advertising space, and most, but not all, has been collected as of this day (May 25). The cost of the book was \$20 with one line of gold imprint the price was then raised to \$22. Later in the year the price increased to \$25.

The yearbook was published by Josten's Publishing Company and actually printed in Topeka, Kansas. Mr. Richard Sterchy of Spring was our Josten's sales representative.

The yearbook is produced on the Macintosh SE computers by using the Pagemaker 4.02 page design program. An Apple LaserWriter II and a Personal LaserWriter were used to print the layouts that go to the plant to be processed. Ninety-nine percent of the type in this yearbook was set in Palatino, including headlines, sub-heads, body text and captions.

The book was printed on 80 pound semi-gloss paper, and was bound with Smythe binding. It had 160 pages, and 200 copies were printed.

Senior Paytria Thompson served as editor-in-chief but each class had its own managing editor. They were Cassandra McClendon, Sharon Bryce and Dianne Frankens.

The 1992 Lumberjack staff worked very hard and diligently to give you "Nothing But The Best." We hope you enjoy our yearbook.
