"Our kids are worth whatever it takes."
-Spence Rogers

Educators change the world one child at a time.

Involve me, and I learn.

Now, let's mix it up!

Making ornaments!

Counting and sorting!

It's time to draw!

Art center!

Shapes and colors!

We went outside for Science!

Building with marshmallows!

Pieces of my heart!

Elephant toothpaste!

Fun at the pumpkin patch!

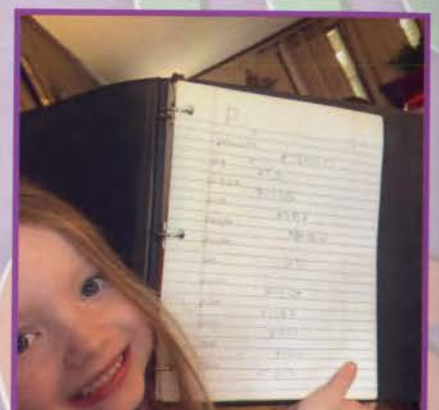

How far can you throw?

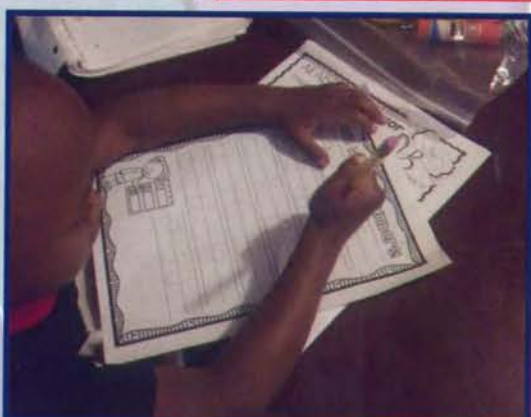

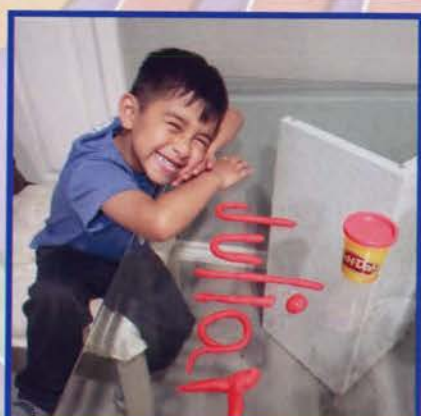

The global pandemic, COVID19, caused for a district-wide closure. Primary teachers worked together to keep instruction going for students at home. Each teacher provided work packets and resources as well as online learning opportunities! For our students, we do whatever it takes!

We are having school at home!

The learning continues!

Mrs. Diana Moore.

*At the end of a long and
successful career,
You may release more than a tear.
So much passion and dedication,
You clearly deserve a long
vacation.*

*Working with you was
always a pleasure,
Your friendship is valued more
than a treasure.
Countless memories,
over time we have shared,
Everyday you showed
us just how much you cared.*

*We want to wish you only the best,
Lots of experiences and
plenty of rest.
This simple poem is
no fancy award,
We just hope, it hit the
right chord.*

*Thank you for investing so much time
and wisdom into our lives,
We will miss you dearly.
Happy Retirement!*

We wish you well!
