Bone, Horn and Ivory Saws. No extra charge to be made where these Saws are more than three gauges thinner than standard. No extra charge for fitting these Saws as it is understood that the 50 per cent advance includes fitting. When these Saws are hollow ground or beveled, the 50 per cent advance is to apply only on the list price of a straight gauge saw and not to apply to the extras for hollow grinding or beveling.

No extra charge for Saws one gauge thicker than list.

No extra charge for Saws one to three gauges thinner than list; when more than three gauges thinner, add 5 per cent to list for each gauge.

Circular Saws 48 inches and larger, thinner than 10 gauge are not warranted.

Circular Saws 42 inches or less in diameter beveled one gauge without extra charge; 44 inches or larger, beveled two gauges without extra charge.
