

BULLETIN NO. 53

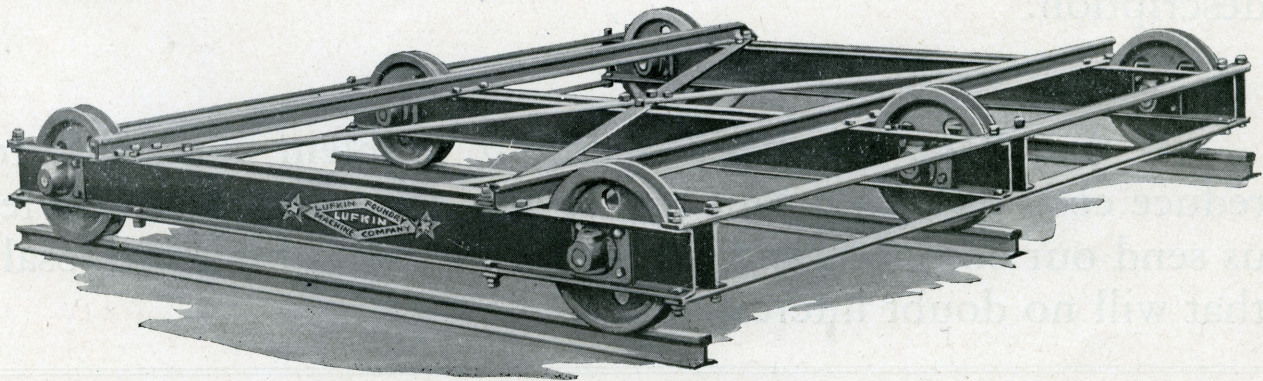

Lumber Sorter Transfer Cars

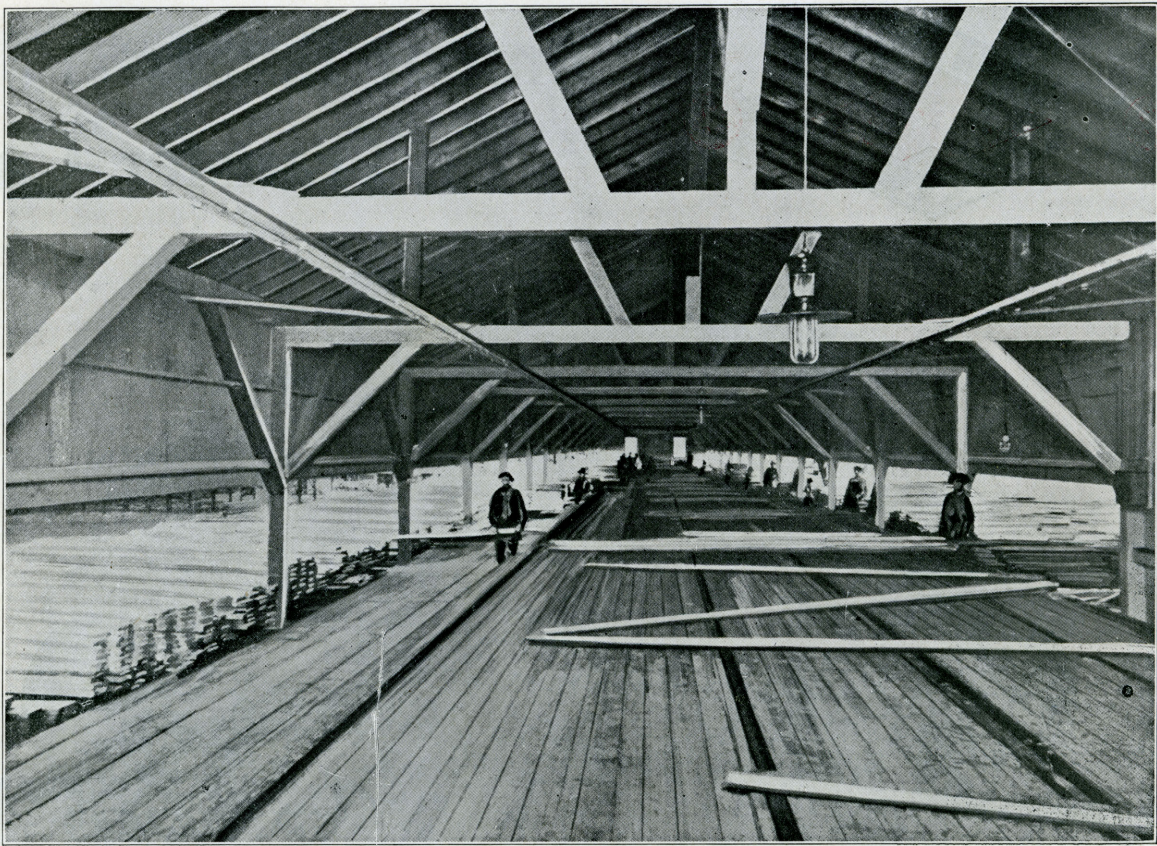

Transfer Car for Endwise Piled Dry Kiln Lumber

Made to suit conditions up to 24 feet long; has very rigid frame—solid as a rock—cars roll off and on easily. Axles are 3 7-16 with 20-inch chilled wheels, renewable brass lined boxes—cars move easily.

Track Car for End or Sidewise Piled Cars

Lufkin Foundry & Machine Co., Lufkin, Texas

LUMBER SORTERS TO SUIT YOUR REQUIREMENTS

We make a specialty of Drop Sorters, Turn Around Rigs, Wire Rope Sorters, and Cable Chain Sorters of every description.

If you have a lumber-handling problem and wish to reduce costs (which means men), pass the buck to us and let us send our engineer, and if feasible, we will submit proposals that will no doubt interest you.
